# ICONS OF MERCY

Patrick Novecosky

**In every age, God gives his Church special grace to respond to the world's challenges with love and truth.** In every generation, God combats the world's evils with a more abundant good, raising up holy servants to speak a word that will rouse us.

The last century of human history has been so marked by evil and oppression that God saw fit to give us not one but two special agents of his unfathomable mercy: Pope St. John Paul II and St. Teresa of Calcutta.

In *Icons of Mercy*, journalist and papal scholar Patrick Novecosky explores the remarkable careers of these two great saints, chronicling not only their deeds and ideas but the ways in which, by God's mysterious providence, their life works intertwined and built on each other's.

It may be tempting to overlook the connection between these two hugely distinct figures: the charismatic, erudite Polish pope whose prolific writings and travels represented Catholicism for three decades, and the diminutive Albanian nun whose mighty deeds were devoted to hidden places where the poorest lived in squalor.

Yet the two were inextricably connected. In their Christ-centered friendship, in their shared zeal for souls, and above all in their witness of God's light and love in the face of darkness and death, their combined witness changed the world. And their legacy continues to inspire and transform it.

CB528 .....212 pgs..... \$18.95

# NOT FINISHED YET

Marcus Peter

**We're not finished yet! God wants to make us a new and glorified creation, and if we put our trust in him, he will not fail.**

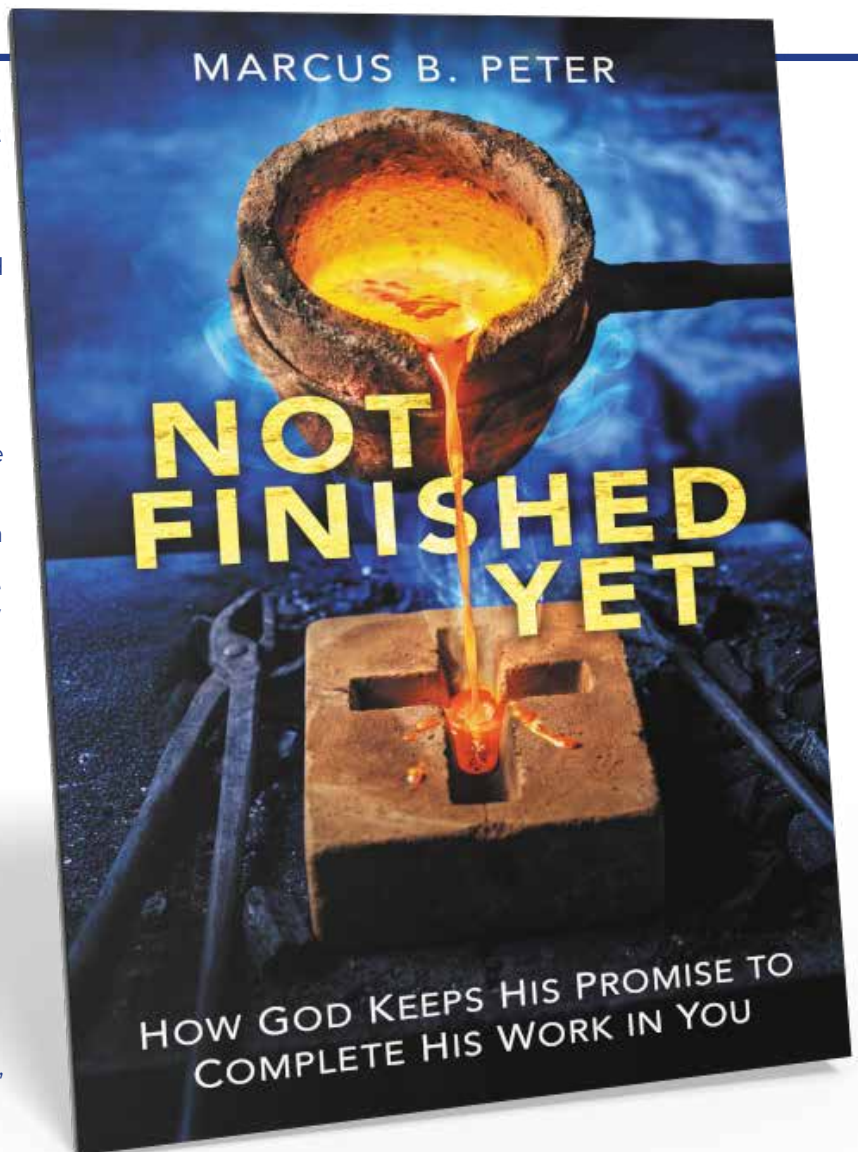

Life is hard. We have to bear so many burdens: daily trials at work and home, the sorrow of poisoned relationships, old wounds of body and mind, and the ongoing struggle against our own sinfulness. Sometimes we just want to say, No more—I'm done!

But God isn't done with you. He has begun a wondrous work in each of us, and he has promised to finish it—we just have to cooperate with him.

In *Not Finished Yet*, Dr. Marcus Peter (Ave Maria in the Afternoon) lays out an inspiring vision of the saving grace and joy that God wants to give you and me in Jesus Christ, and shows you how to take hold of them in your own life.

First, he unpacks the biblical story of a God who, out of perfect love, created all of us and works tirelessly throughout history to save us from sin and death. Dr. Peter relates the details of Christ's atonement with a fresh and gripping verve that will make you newly grateful for God's "amazing grace."

Then he shows you how to make Christ's redemption real and active in your life: guiding you through the tools of holiness that the Church offers, leading you to heal the hurts, vices, and addictions that get in the way of God's love, and helping you build your own personal plan for a life of deepening conversion, virtue, and happiness.

CB526 ..... 157 pgs..... \$18.95

# APOSTOLATE OF COURTESY

Robert Greving

## THE APOSTOLATE OF COURTESY

*HOW TO SAVE SOULS AND  
CHANGE THE WORLD THROUGH  
THE POWER OF MANNERS*

Robert B. Greving

**It seems like such a little thing, but it can make the difference between heaven and hell.**

A good Christian aims to be virtuous—but what if we are not courteous? We may check the boxes for fortitude and fear of the Lord, but if we don't keep our appointments, or spend too much time online, or can't be bothered to answer an email, we become worse disciples and less effective at making new ones. The saying comes to mind: "I like your Christ, but I do not like your Christians."

In *The Apostolate of Courtesy*, Robert Greving teaches you how to stand out in your bearing, your manners, and your day-to-day behavior, so you can be a more effective ambassador for Christ. Building on St. Francis de Sales's masterwork, *An Introduction to the Devout Life*, this book brings timeless advice to a new audience in twenty-first-century terms. From the arts of conversation and dress, to the etiquette of sitting and standing—and yes, managing email, texting, and other modern tech—*The Apostolate of Courtesy* puts our littlest actions in their proper eternal context.

Jesus says, "He who is faithful in very little is faithful also in much." Likewise with courtesy, as this book proves: when we learn it and practice it, we can, just by our behavior, help bring our neighbors to Christ.

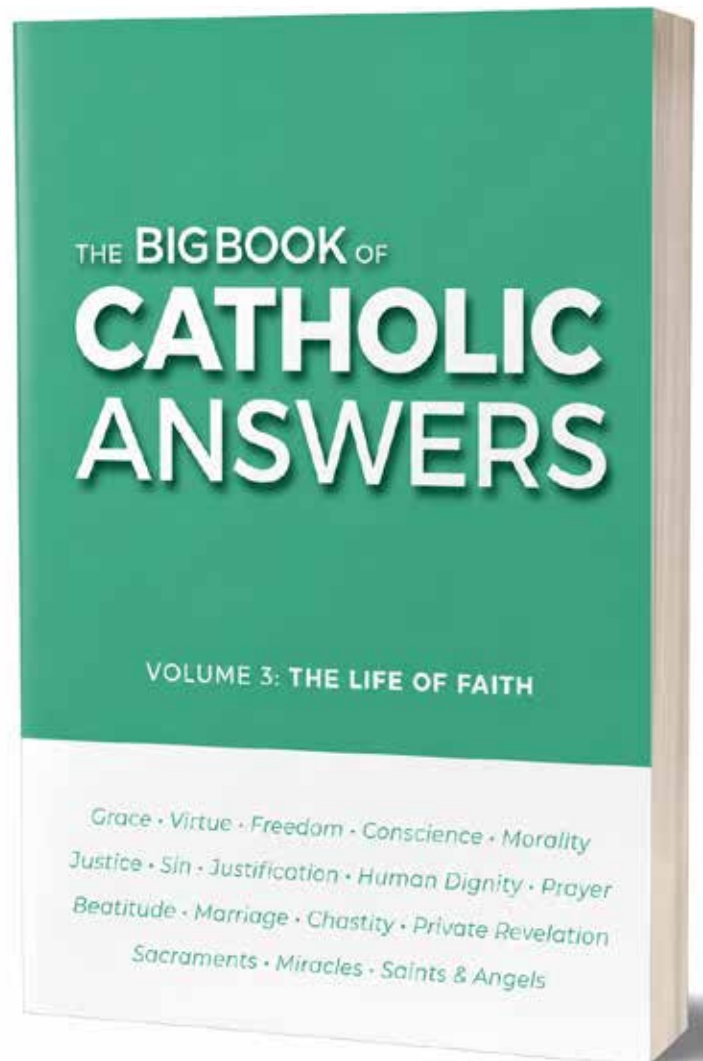

CB527..... 132 pgs..... 18.95

# THE BIG BOOK OF CATHOLIC ANSWERS VOL. 3

Call for Parish Discount

In this third volume of *The Big Book of Catholic Answers*, you will find solid, helpful replies to almost 300 questions about the life of Catholic faith: mankind's nature, vocation, and destiny; the moral law and its relation to sin and salvation; how Catholic teaching informs the domestic and social order; ways that the supernatural touches our daily lives; and more.

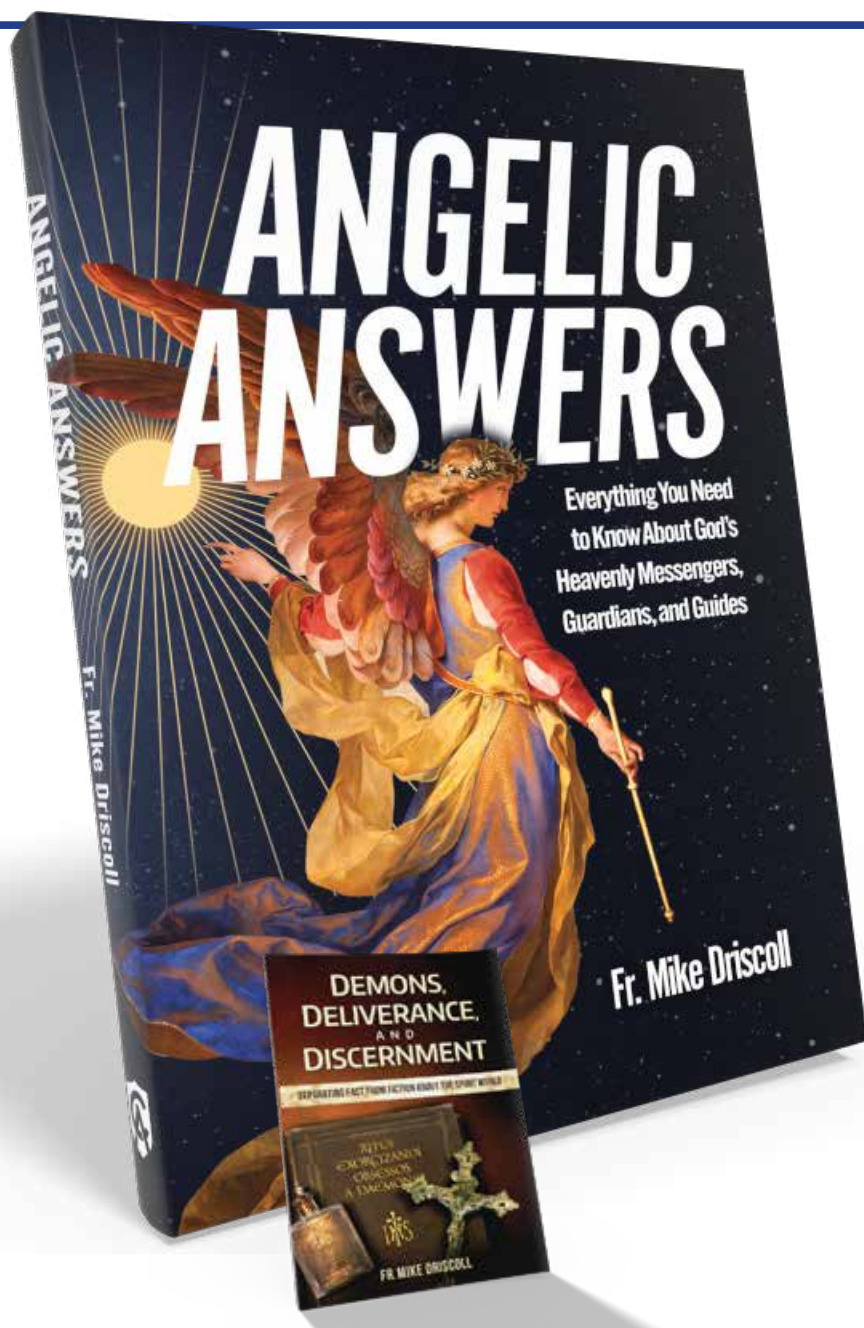

CB531.....529 pgs.....\$34.95

# ANGELIC ANSWERS

Fr. Mike Driscoll

## Call for Parish Discount

Since the beginning of time they have attended the Holy Trinity with unending praise, and at the Bible's pivotal moments they were present. They convey God's saving messages and assist in his continual ordering of the cosmos. Some are hell-bent on our damnation; others intercede tirelessly for our salvation. And there is one assigned just to protect you!

They are the angels, the order of created spiritual beings: ubiquitous, uncountable, and yet for most of us a great mystery.

In *Angelic Answers*, Fr. Mike Driscoll (*Demons, Deliverance, and Discernment*) pores through Scripture, Church tradition, and especially the work of the "Angelic Doctor," St. Thomas Aquinas, to present the known facts about these awesome beings. He dispels myths from popular culture (teaser: we don't become angels when we die), lays out the basics of angelic nature, knowledge, and powers, and describes the ways in which they do and don't interact with the physical world.

Fr. Driscoll examines the reality of fallen angels, the demons who rebelled against God and who now focus their considerable might on tempting us toward sin and sometimes attacking our bodies and souls. And he tells us about the guardian angels gifted to us by God to steer us clear of such harms, help us resist error and temptation, and guide us on the path of grace. Plus, the many ways that St. Michael and other angels assist in the liturgy and life of the Church!

*Angelic Answers* will help you better understand and appreciate the grandeur of God's creation and the depth of his providential care for us. More importantly still, it will help foster the love for the angels that God wants us to have.

CB524 .....205 pgs..... \$18.95

# EVIDENCE FOR CHRIST

Jimmy Akin

Call for Parish Discount

Who was this man named Jesus? A prophet, maybe—or a fraud? Some say he was only a “wise teacher” whose followers later deified him. Still others think his very existence is a myth.

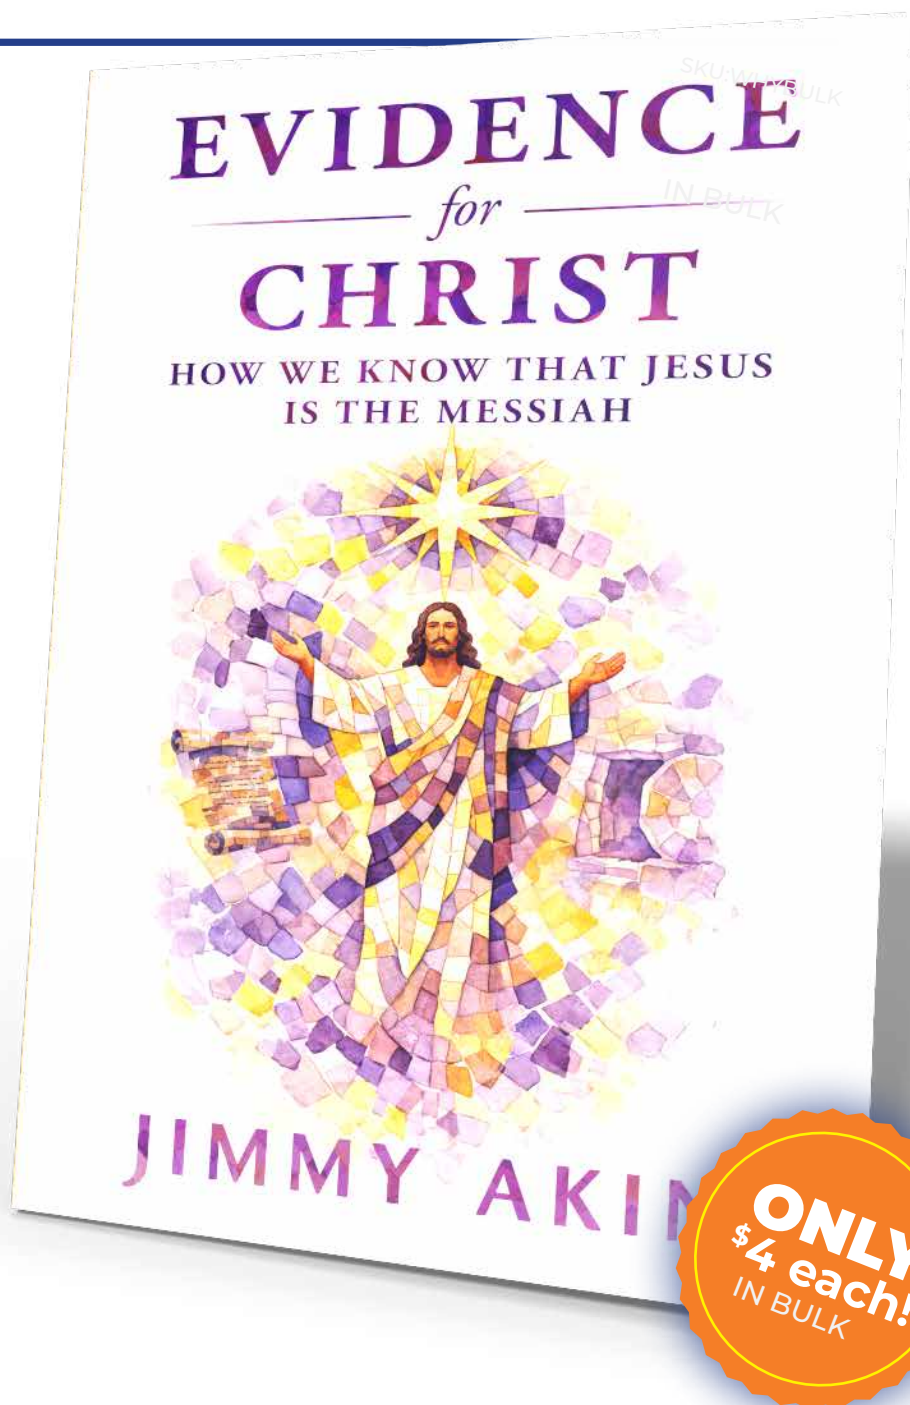

For Christians, he is the true *Messiah*: the one sent by God to fulfill Jewish prophecy and save the world from sin and death.

In ***Evidence for Christ***, veteran apologist Jimmy Akin presents a full array of reasons to believe that Jesus is truly the Messiah—the *Christ*—building a step-by-step case that is both meticulous and exhilarating to follow. In it, you will examine:

- What it means to be the Messiah, according to Judeo-Christian tradition;
- The secular evidence affirming Jesus as a real historical person;
- A rich mosaic of messianic predictions in Scripture and Jewish literature, and how Jesus uniquely fulfills them all;
- How the Gospel accounts of Jesus’ life and works—especially his resurrection from the dead—validate his messianic identity and make him worthy of our belief and love

...and more fascinating signs from history and the Bible, all pointing to the authenticity of Jesus’ messiahship—and the truth of the Catholic faith!

# SALVATION IS FROM THE CATHOLIC CHURCH

Trent Horn

**Call for Parish Discount**

All Christians agree: God became man and came to earth for one reason—to save us.

How do we access Jesus' saving work? By what means, in our everyday lives, does God deliver us from sin and lead us to eternal life?

Well, on this question Christians don't agree quite as much.

In *Salvation Is from the Catholic Church*, apologist Trent Horn (*Why We're Catholic*) offers a compelling Catholic answer: it is indeed Jesus who saves us, and he does so through the instrument of the Church that he founded and ordained for that very purpose.

As Trent shows, Jesus did not leave his followers to rely on a vague hope of salvation through some one-time personal confession of faith. (Did I do it right? Did I really mean it? How do I know it will last? What if I sin later?) No, he provided universal and tangible ways for all believers, throughout all time, to stay close to him and his saving grace.

The Catholic Church is the ordinary minister of those ways, extending to us everything that God has taught and provided for our salvation: true doctrine and morals, authentic spiritual leadership and worship, and the visible signs by which the power of Christ's once-for-all sacrifice is made effective in our souls.

*Salvation Is from the Catholic Church* both de-mystifies the Christian life (all the tools have been accessible for 2,000 years!) and shows how deep and rich it really is. God wants us to repent of our sins, receive Jesus in faith, and remain with him till death—and in the Catholic Church he has provided the means to do all three.

# HOW TO TALK ABOUT JESUS WITH ANYONE

Steve Dawson with Cy Kellett

Call for Parish Discount

It's the one thing we all should be doing but probably aren't. (Or not enough.)

Exercising? Eating right? Calling Mom?

No: spreading the good news about Jesus Christ and his salvation.

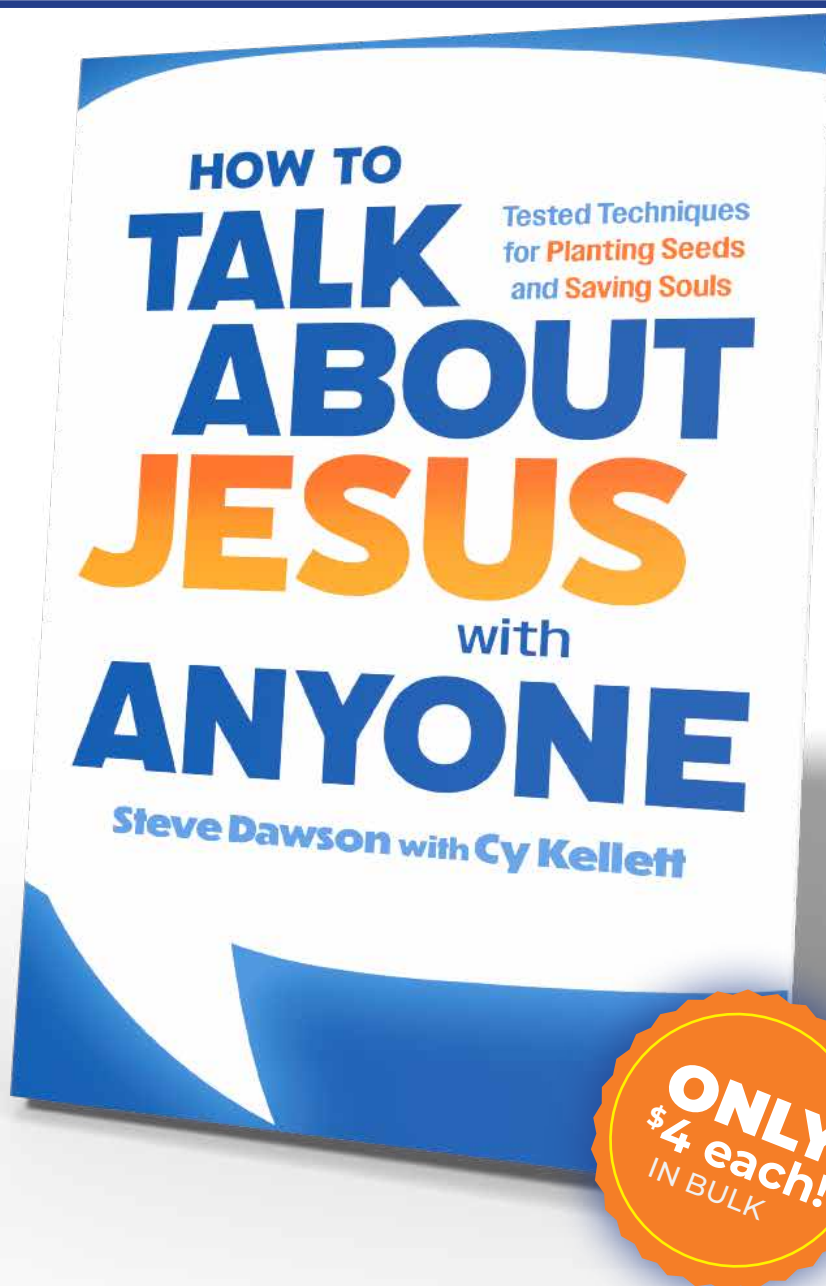

This job isn't optional. It's an explicit command from the Lord himself. So why do we work hard to be good Catholics in so many other ways—going to church, obeying the commandments, persevering in prayer—but make excuses about our reluctance to evangelize?

In *How to Talk About Jesus with Anyone*, Steve Dawson (St. Paul Street Evangelization) teams up with Cy Kellett (Catholic Answers Live) to help you replace those excuses with a tested plan for going from timid and hesitant to confident and zealous in your daily duty to save souls.

Building on decades of experience sharing the saving truths of the gospel, Steve and Cy will show you:

- Why you don't have to be an extrovert or hold a Ph.D. in theology to evangelize effectively
- How to tell when people are receptive to hearing the gospel (hint: more often than you think!)
- The one weird trick that opens the door to dialogue (and the door-closing mistakes to avoid)
- How to guard against ways the devil will try to stop you
- ... and more!

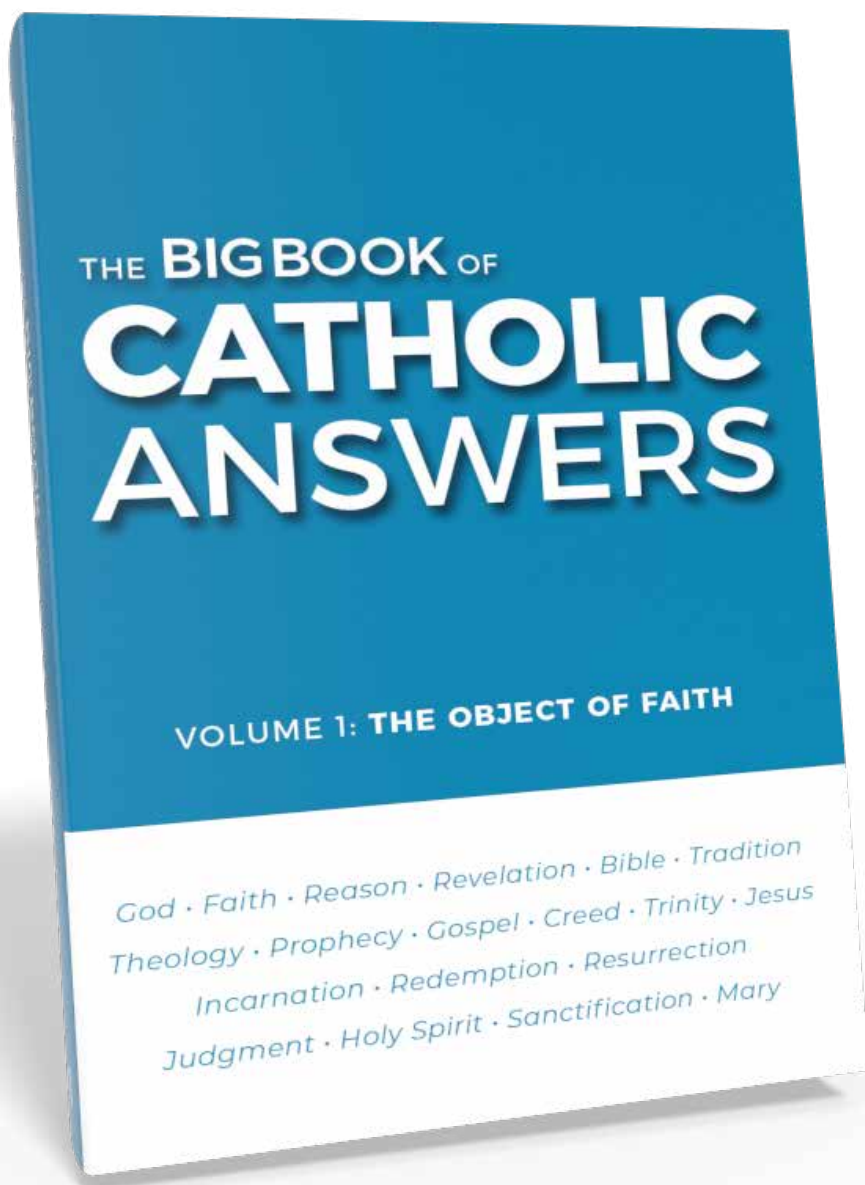

*How to Talk About Jesus with Anyone* will help you turn everyday encounters into opportunities to gift others with life-changing truth. In so doing, you will fulfill Christ's command, swell the ranks of heaven, and—perhaps unexpectedly—discover the secret reward of the evangelist: joy.

CB519 ..... 174 pgs..... \$16.95

# THE BIG BOOK OF CATHOLIC ANSWERS VOL I

Call for Parish Discount

## All the Answers You're Looking For . . . All in One Place

Our Catholic religion is big and complex. Its doctrines are old and often mysterious. Its detractors like to spread confusion with caricatures of Catholic teaching; and even some of our pastors and professors prefer their own twisted or watered-down doctrines instead of straight Catholic truth.

So, the world has Catholic questions—lots of them. And a big religion needs a BIG book of answers.

In this first volume of The Big Book of Catholic Answers, you will find solid, helpful replies to over 250 questions about the object of the Catholic faith: the substance of what we believe about God, salvation history, faith and reason, the mysteries of the doctrines of the creed, divine revelation in the Bible and Sacred Tradition, and more.

The book may be big, but the answers are brief, crisp, to the point, and accessible to any reader. The Big Book of Catholic Answers is a perfect resource for sharpening your own understanding of your faith, or for sharing with friends who are seeking to understand more about what we believe and why.

# THE PROTESTANT FALLACIES

Parker Manning

**Call for Parish Discount**

You've heard Anti-Catholic Argument X a thousand times before—maybe it's about how Catholics “added books” to the Bible, or how we supposedly worship Mary and the saints.

Even if you don't know all the facts, your instinct tells you that the argument is wrong . . . and yet you can't quite explain why. Something is wrong with the reasoning, but you can't put a name to it.

In *The Protestant Fallacies*, you'll learn why. In this thorough but accessible read, Parker Manning exposes the classic and often-subtle errors in logic underlying Protestants' most common accusations against the Faith. From the Straw Man to the Red Herring, from the Tu Quoque to the False Dilemma, and illustrated with real-life examples from prominent anti-Catholics, he shows you how to recognize Protestantism's logical flaws, define them, and then refute them.

When we have the vocabulary to identify how arguments fail, we can more readily cut through bad ones. Even better, we can think more clearly and strengthen our own arguments. No matter your knowledge level of the Bible, history, or Catholic tradition, *The Protestant Fallacies* will give you the tools you need to be ready for your next apologetic encounter.

CB21 ..... 180 pgs ..... \$18.95

# BAPTISM NOW SAVES YOU

Karlo Broussard

**Call for Parish Discount**

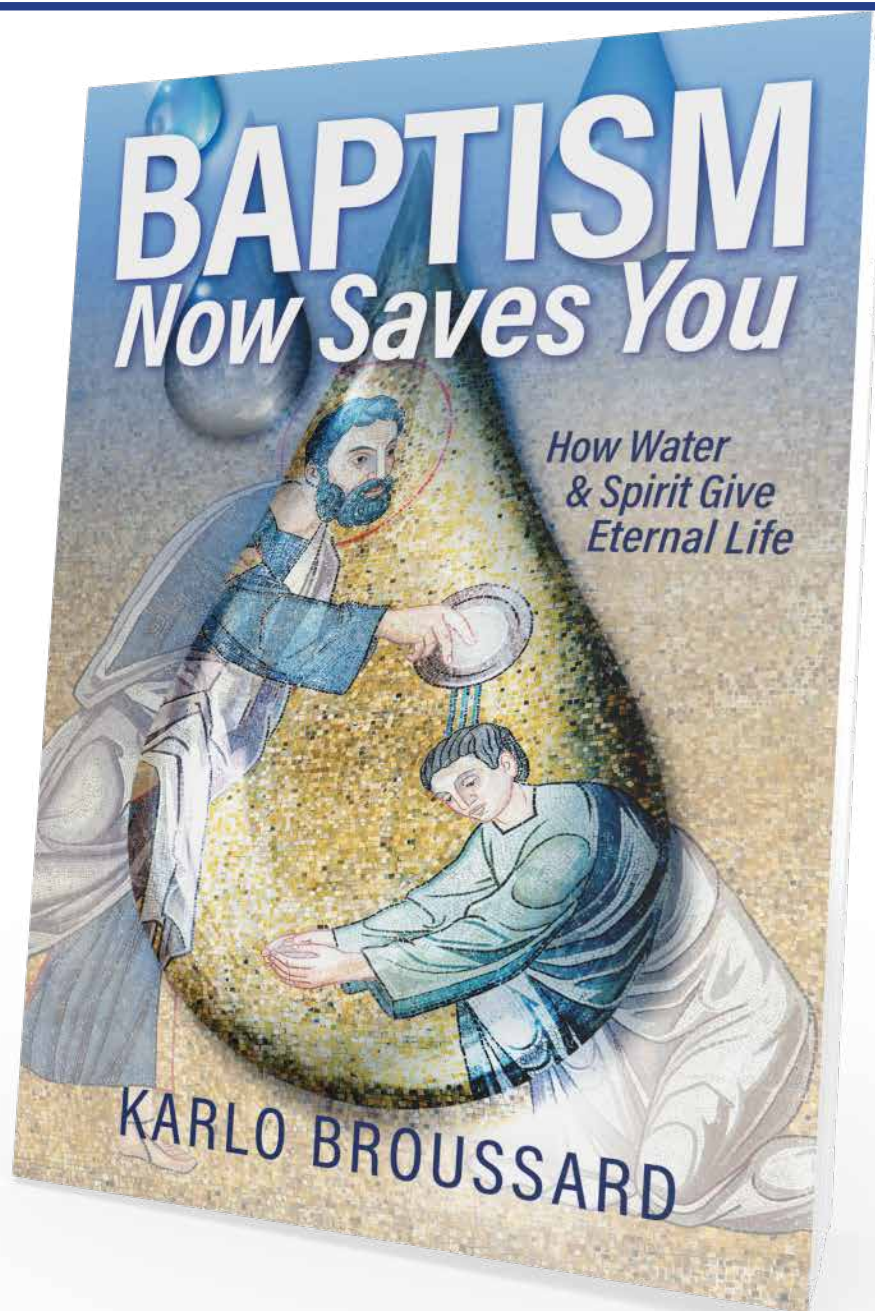

Everyone agrees that baptism is part of Christianity, right? It says so in the Bible.

Not so fast. Among different Christian groups, questions and arguments about baptism abound. Who should get baptized? How should it be done? What happens to unbaptized babies when they die, and should people secretly baptize their grandchildren? And on top of all this—why bother with baptism at all? Does it really do anything?

In *Baptism Now Saves You*, Karlo Broussard tackles these thorny questions and reveals who has the right answer. The bottom line: yes, we need baptism to get into heaven, and the Catholic Church provides the proper instruction, the history, and the arguments to back up its answer.

For believers and nonbelievers alike, *Baptism Now Saves You* is the go-to source for understanding this ancient and essential practice—and for explaining it to friends and loved ones. At its foundation is the life-giving exhortation of St. Peter: “Repent, and be baptized every one of you.”

CB520 ..... 230 pgs. .... \$18.95

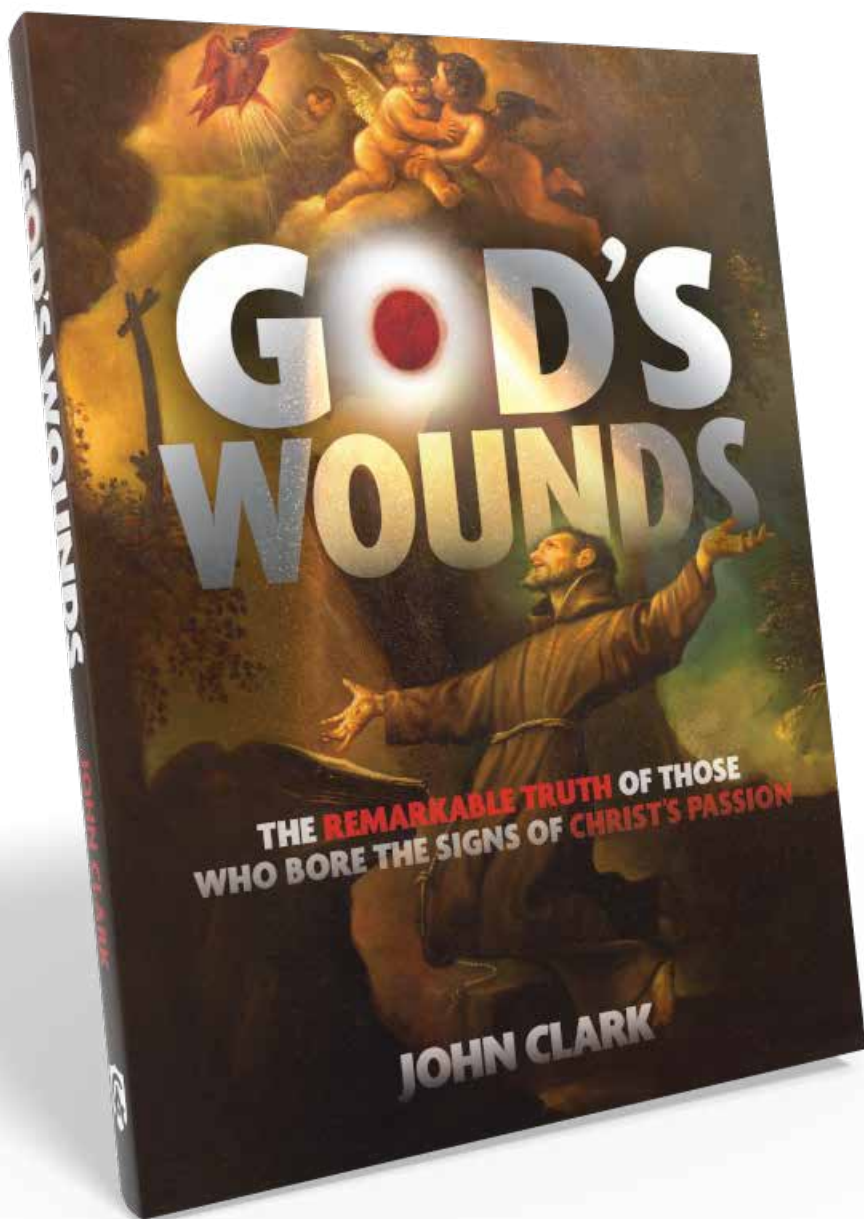

# GOD'S WOUNDS

John Clark

**Call for Parish Discount**

In the long, wonderful, and sometimes weird history of supernatural phenomena in the Catholic Church, perhaps the most stunning example is the stigmata: the miraculous appearance of Christ's holy wounds on the bodies of ordinary believers.

For centuries, these manifestations of the marks of Jesus's passion have been a subject of great piety and devotion—and controversy. Are they real or are they faked? What is the evidence? And if they are real, what could possibly be God's reason for causing them?

In *God's Wounds*, John Clark offers what may be the most thorough, honest, and faithful reckoning with the stigmata ever written. Neither cynical nor naïve, he takes evidence for the phenomena at face value and tries to make sense of it both medically and spiritually. He looks at stigmatists both famous (like St. Francis and Padre Pio) and obscure, and he scrutinizes the details of historical accounts for cohesion with science, reason, and the Catholic tradition.

*God's Wounds* is a uniquely valuable new work on many levels. As a sleuthing history of the stigmata, it reveals the breadth and detail of this fascinating miracle over time. As an apologetic for the miraculous, it will help you understand and explain (to unbeliever and skeptical Christian alike!) the wondrous and extraordinary ways that God sometimes works in history. And perhaps above all, as a meditation on the Passion it will strengthen your devotion to the One who first bore these sacred marks for our salvation.

CB518.....224 pgs.....\$18.95

# SOUL OF APOLOGETICS

**Call for Parish Discount**

The work of apologetics—the reasoned explanation and defense of the Faith—is certainly a work of the mind. It requires disciplined study, patient practice, and the cultivation of logical and rhetorical skills.

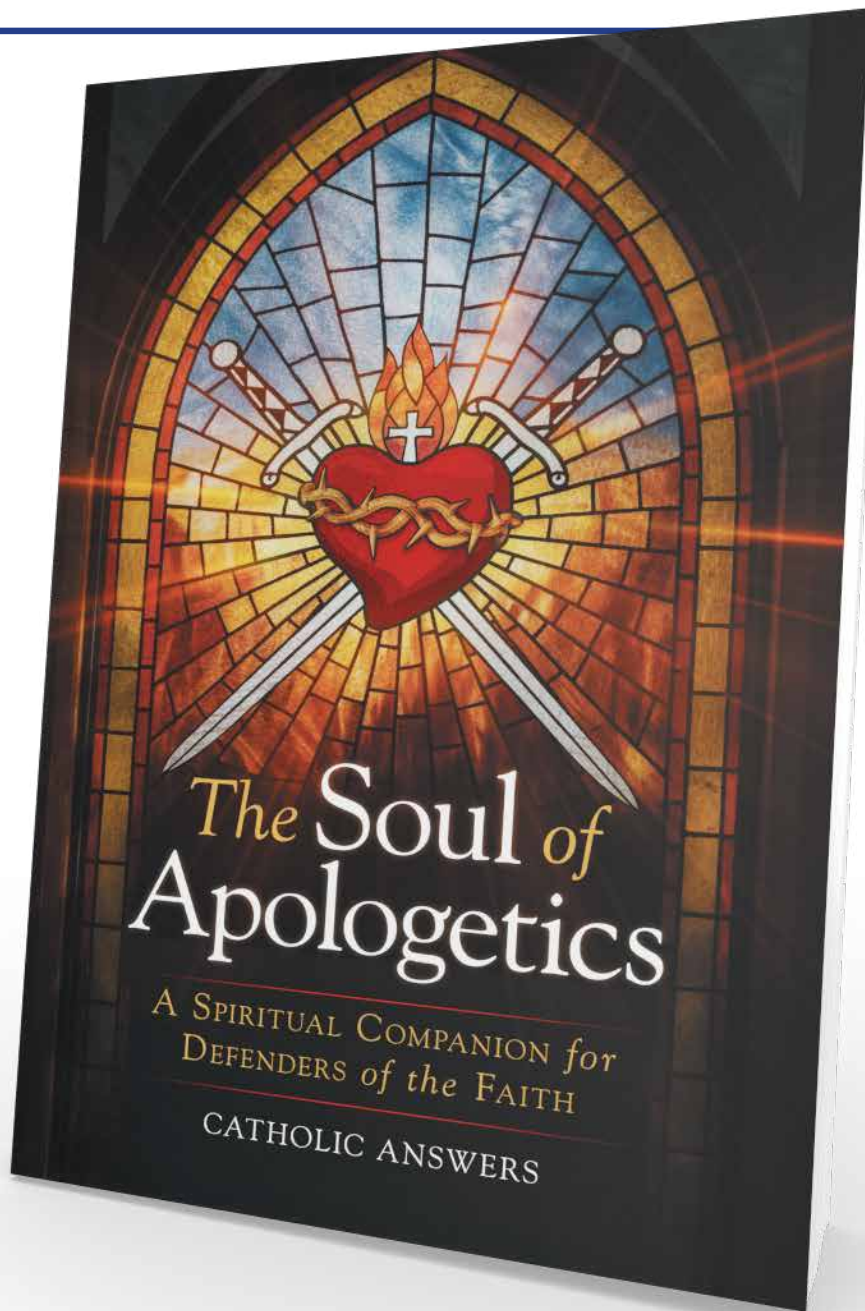

But it is first and foremost a work of the spirit.

The Soul of Apologetics, a new prayer resource from Catholic Answers, helps give you the specialized spiritual training you need to defend the truths of Christ's Church. Presented as a series of lessons and exercises, it can be read at once or in parts, and returned to for a lifetime, to keep you spiritually fit for any apologetic opportunity God puts in your path.

First, by emphasizing that this work is about saving souls, not winning arguments.

Then, through selected prayers, meditations, and appeals to Scripture and Tradition, it helps you develop the interior habits that every effective champion of Catholicism must have.

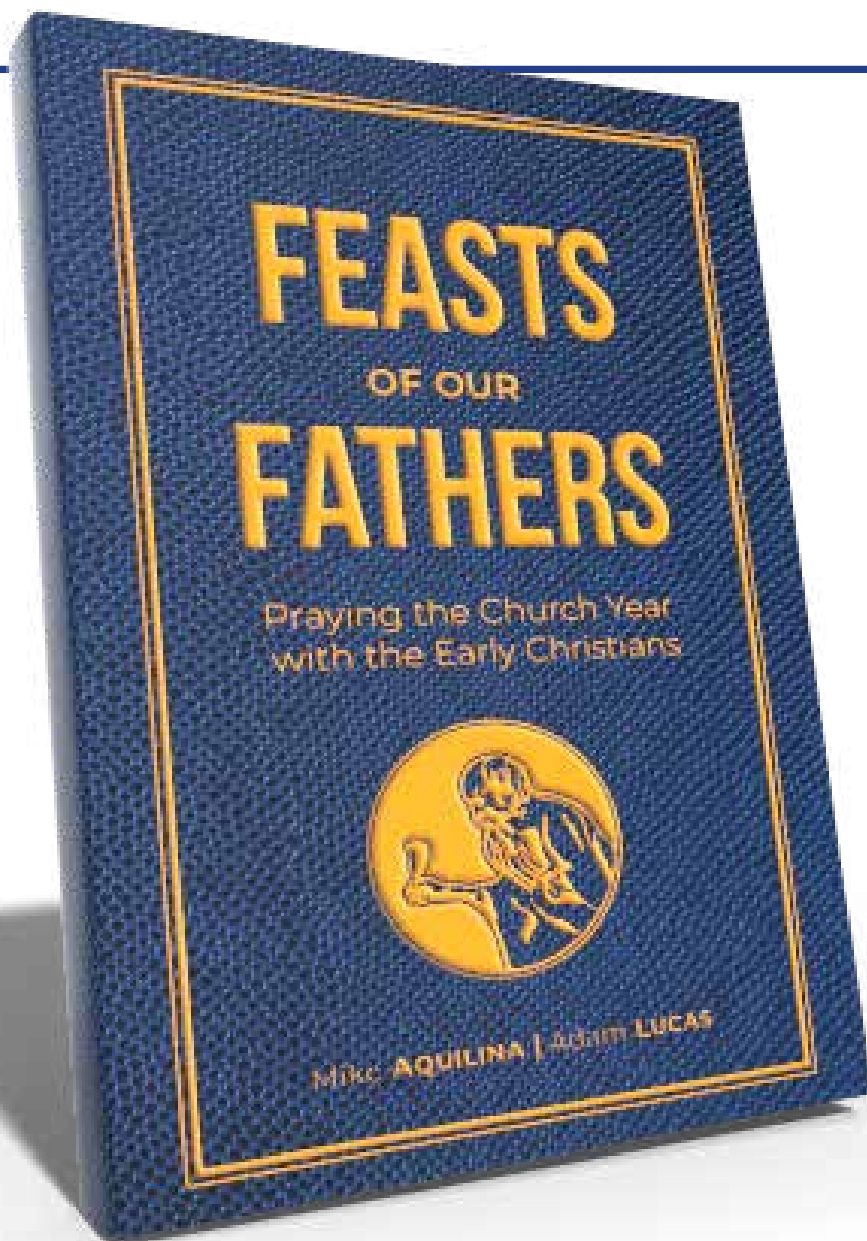

Finally, The Soul of Apologetics helps you build the right spiritual disposition toward the sacred doctrines and practices we advocate. For these truths are not merely academic, they are salvific—holy, living, and powerful. Our faith is a faith of the heart as much as the head, and to defend it we must love and reverence it.

CB517 .....214 pgs.....\$18.95

# FEASTS OF OUR FATHERS

Mike Aquilina & Adam Lucas

**What better rule for organizing your prayer life than the Church's ancient liturgical calendar?** And what better guide to unpacking the riches of that Catholic rhythm of seasons and feasts than the Fathers of the Church?

***Feasts of Our Fathers*** is a one-stop companion for praying and meditating through the holy days and seasons with help from the wisdom of the Fathers. Mike Aquilina and Adam Lucas have combed through countless volumes of patristic texts to curate a collection of pithy passages from the holy writers and leaders of the early Church that will enrich your experience of Lent, Advent, major solemnities and lesser-known feasts, and more.

Combining these passages with suggested prayers, insights, and interesting facts and lessons about the development of Catholic traditions and practices, *Feasts of Our Fathers* will take your prayer life—and your sense of solidarity with the Church, past and present—to a new level.

CB507 ..... 216 pgs..... \$24.95

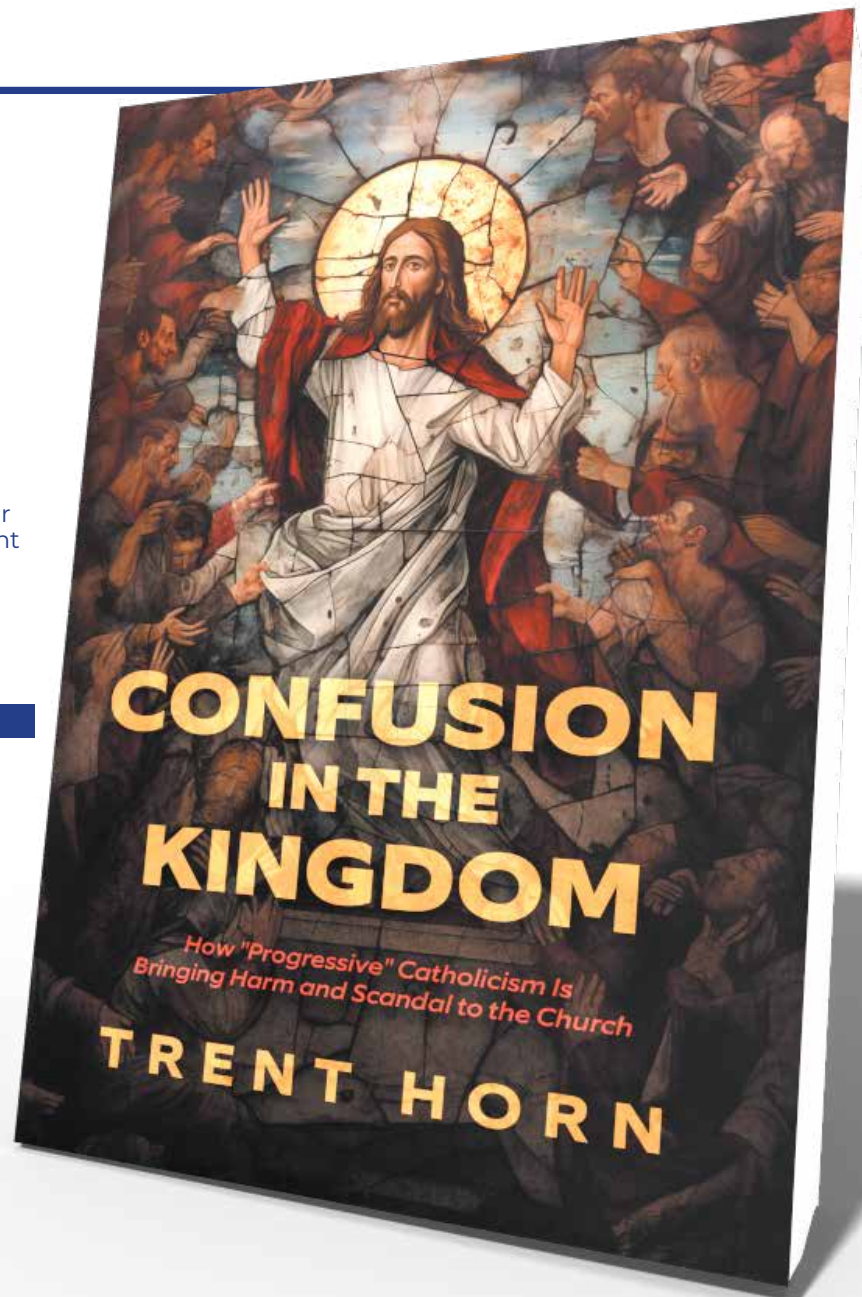

# CONFUSION IN THE KINGDOM

Trent Horn

In ***Confusion in the Kingdom***, apologist Trent Horn (*Why We're Catholic*) helps you make sense of the present chaos by examining the factions of progressive Catholicism and their beliefs, showing why they're not representative of Catholic orthodoxy and exposing the harm and scandal they have caused.

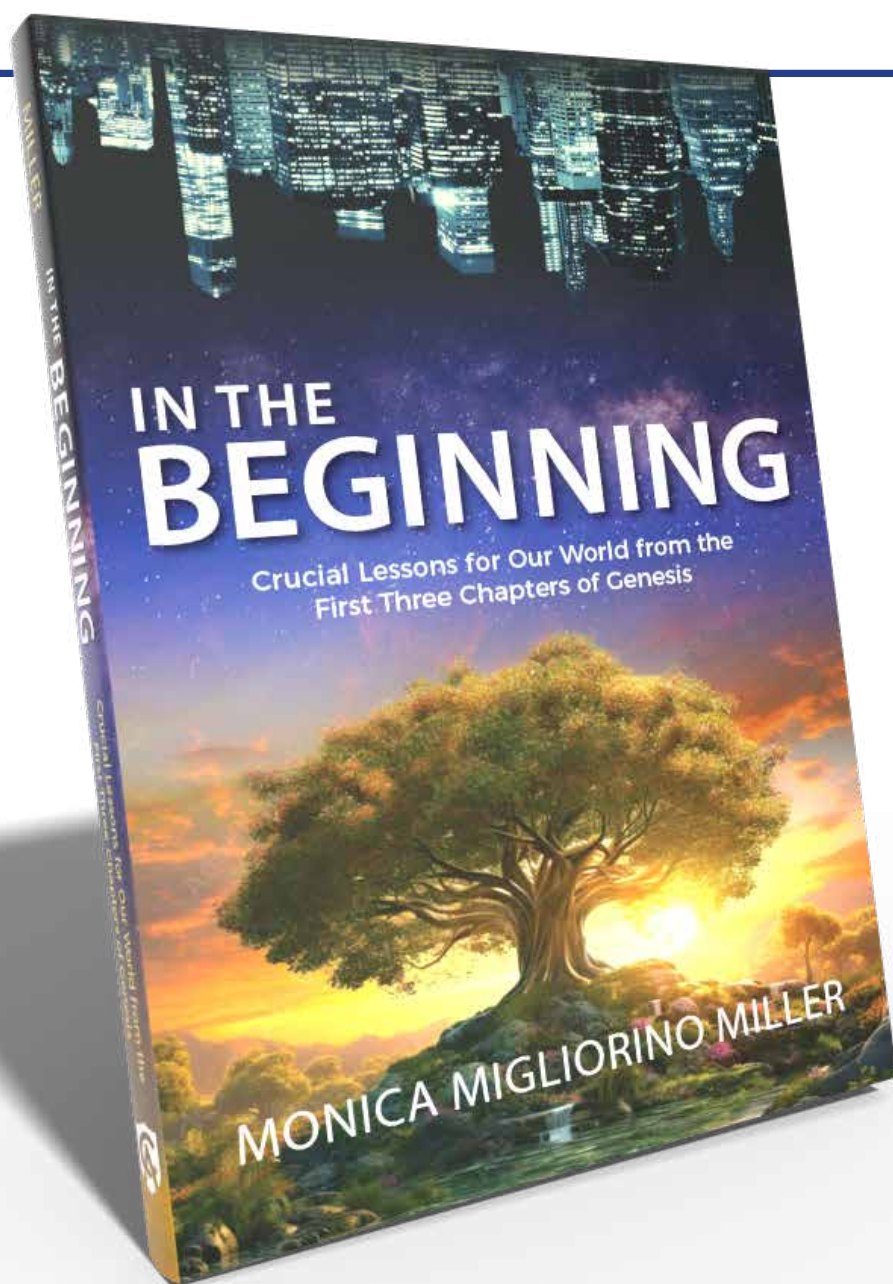

Even better, he explains how to argue against those liberal errors you're most likely to encounter on social media or at a family gathering. Whether it is in matters of doctrine, political and social teachings related to justice and the common good, or the many areas where liberal Catholics want to rewrite traditional Christian teaching on sex and the family, if there's a progressive Catholic notion causing confusion, Trent is there to shine on it the clear light of perennial truth.

CB508.....240 pgs.....\$18.95

# IN THE BEGINNING

Monica Migliorino Miller

The signature evils of our day—abortion, pornography, personal alienation, sex and gender confusion, breakdown of marriages and families, countless souls caught in the grip of the culture of death—have one crucial thing in common: humanity's prideful rejection of God's created order. To combat this modern folly, we need ancient wisdom; in fact, we need to go all the way back to creation's very first days.

***In the Beginning*** by Monica Migliorino Miller (author of *Abandoned*) takes you through a unique reading of the first three chapters of Genesis, unfolding the richness of the divinely revealed creation story and what it has to say about God, the world, and the destiny of mankind.

Those first three chapters of Genesis aren't a literal play-by-play of how the universe came to be; neither are they mere mythical poetry or a purely symbolic re-imagining of scientific events beyond the comprehension of "primitive" peoples. Rather, as Miller shows, they are the revelation of cosmic truths that obliterate the prevailing pagan mindset. From the first ray of light to the aftermath of the Fall, God is telling the world that things will be different now.

This radical new mindset that God announces in Genesis shows us a fresh and optimistic way of thinking about nature, the body, the spirit, sex and procreation, death, and what comes after death. In the Beginning will enrich your understanding of these lessons. It will also show you how to deploy them as an antidote to those modern errors that try to make us forget that God created the world . . . and it is Good.

CB510 .....170 pgs.....\$17.95

# SOLA SCRIPTURA DOESN'T WORK

Joel S. Peters

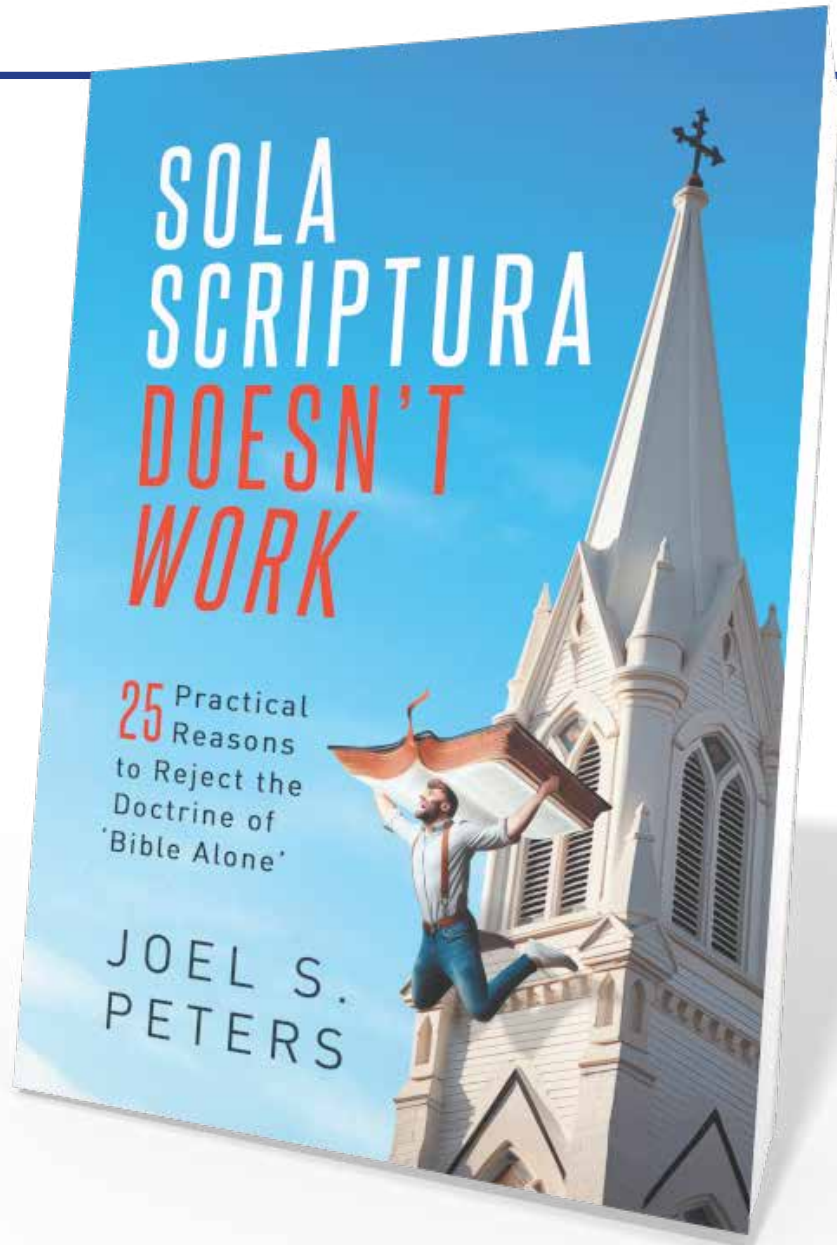

Millions of Christians believe in the doctrine of sola scriptura—that the Bible is the sole rule of faith. The Catholic Church rejects it as contrary to biblical teaching, Christian history, and common sense.

But there's another problem with sola scriptura that doesn't get talked about as much: it is utterly impractical.

***Sola Scriptura Doesn't Work: 25 Practical Reasons to Reject the Doctrine of "Bible Alone"*** is a different kind of take on the debate over the authority of Scripture and Protestants' rejection of Sacred Tradition. Using a conversational, down-to-earth approach, author Joel S. Peters leaves behind heady theology and prooftext-slinging to focus on the real-world implications of Protestantism's core doctrine.

Peters covers new ground in the sola scriptura battle by appealing not primarily to the usual Bible passages or to assertions from Church authorities, but to logic, historical facts, and everyday human experience. Using examples from the time of the earliest councils that gave us the canon of Scripture, through the modern age of mass-printed Bibles, he provides "reality checks" that test the assumptions of sola scriptura against the nuts and bolts of our everyday faith life. With each one, the case for Protestantism's most essential distinctive teaching gets weaker and weaker, until it finally falls apart.

Sola scriptura might look good on paper. But for any religious doctrine to be true and salvific for billions of people, around the world, over millennia, it has to make sense in practice. As *Sola Scriptura Doesn't Work* shows, "Bible alone" doesn't make the cut.

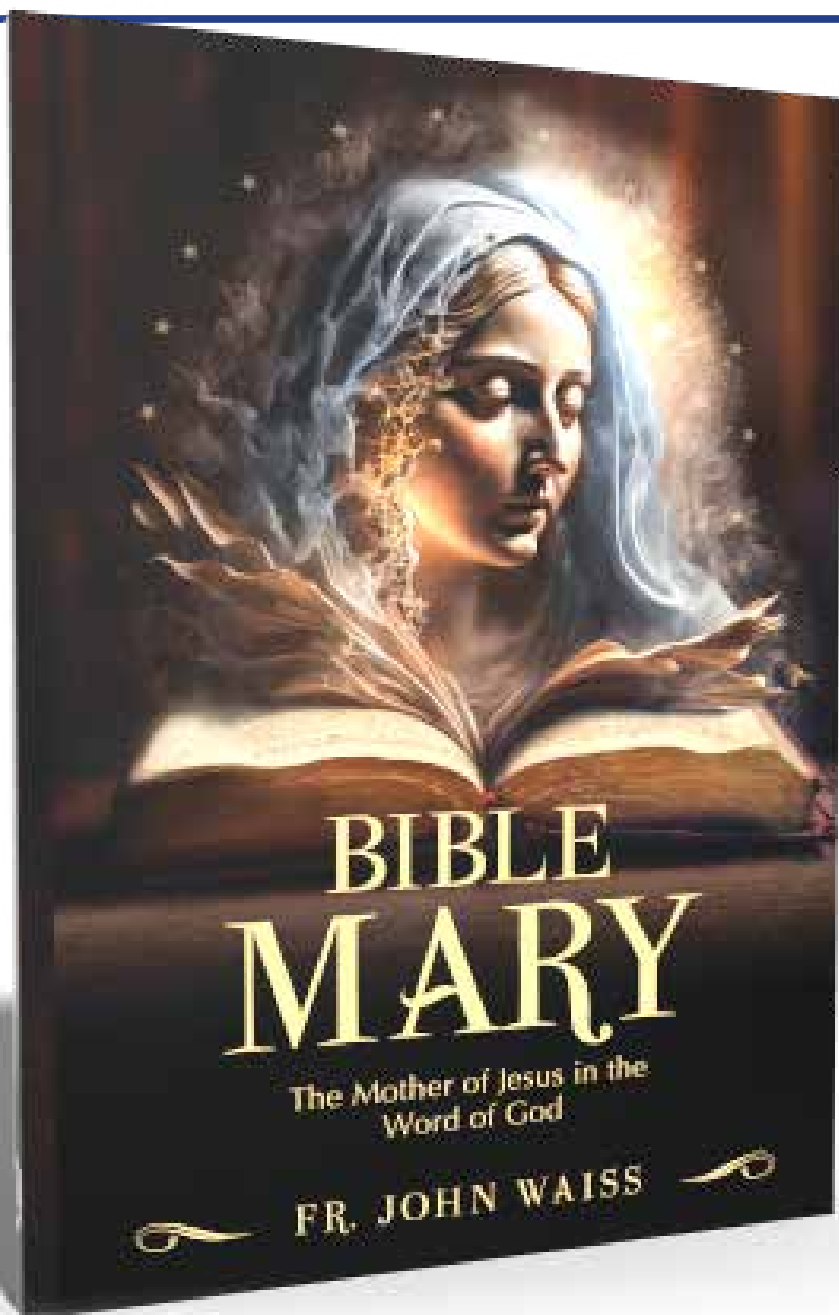

CB509 .....248 pgs ..... \$18.95

# BIBLE MARY

Fr. John Waiss

When it comes to the Catholic Church's teachings about Mary, there's one question you hear more than any other: Where is that in the Bible?

Where in Scripture can we find the Immaculate Conception, the Assumption, the Virgin Birth, or support for venerating Jesus' mother?

The answer? Everywhere.

In ***Bible Mary: The Mother of Jesus in the Word of God***, Fr. John Waiss pulls back the pages of Sacred Scripture to reveal a portrait of Mary that has been hiding in plain sight since the time of Christ.

With the dedication of a man deeply in love with his subject, he gives us the insights and keys we need to understand that Mary is not just a bit player in salvation history or a mere tool of the divine will. Rather, she is the new Eve and glorious God-bearer foretold in the Old Testament and revealed in the New.

Combining rich typology with sound biblical history, Bible Mary shows how Mary is the fulfillment of scriptural images and prophecies. Fr. Waiss also incorporates his personal experience as a priest—in each chapter treating specific Marian questions and challenges that he has dealt with in his ministry. And, intent on making the Catholic case for Mary to all Christians who love biblical truth, he appeals frequently to the growing body of Protestant scholarship that is re-thinking past hostility to Marian doctrine and devotion.

The Bible is God's written word, telling the story of how he saved his people. God's mother—prefigured, presented, exalted—is a central player in that story. When we come to understand this truth more deeply, all Christians who love the Bible will also come to love the Lord, his mother, and one another with more ardor.

CB505 .....320 pgs..... \$18.95

# ANSWERING ORTHODOXY

Michael Lofton

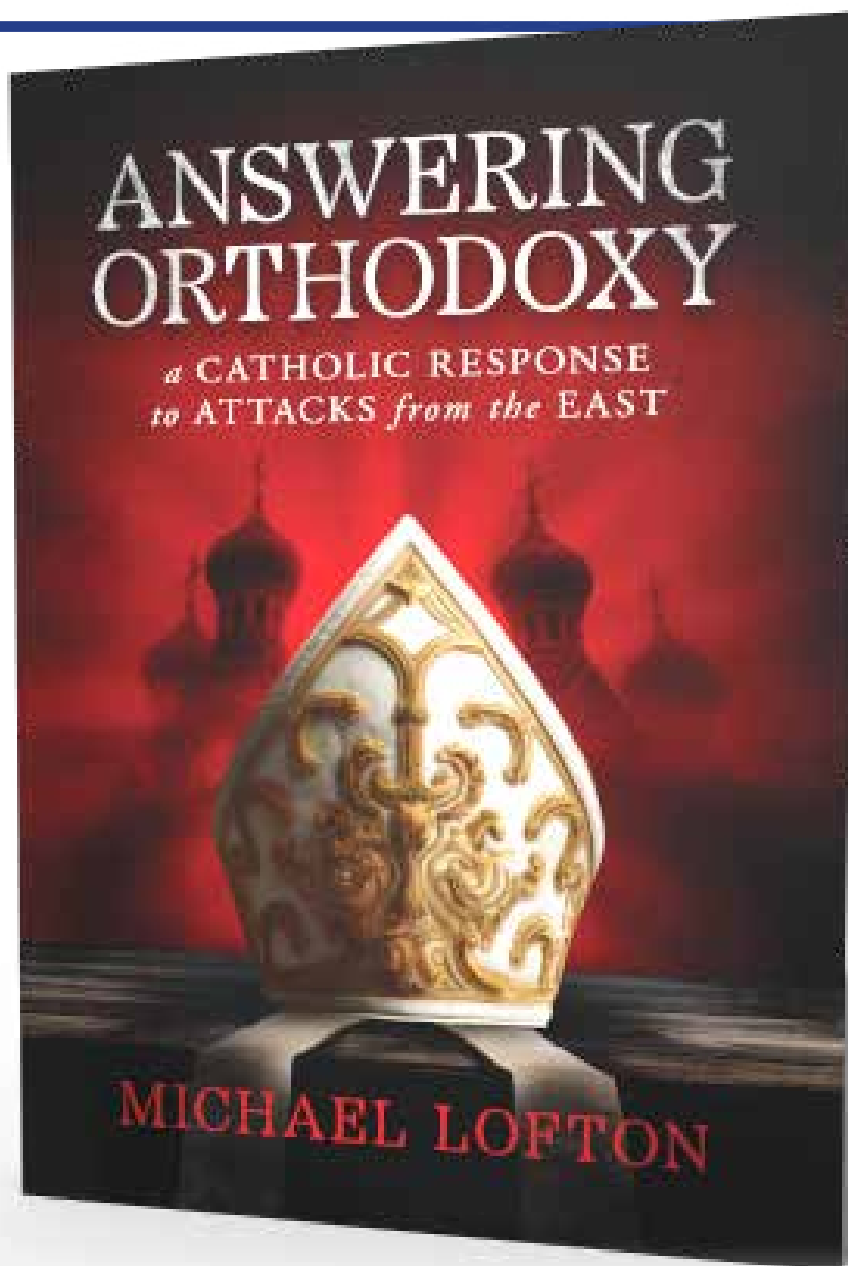

What if there's a better Christian religion than Catholicism? One that has true apostolic doctrines, a more beautiful and ancient liturgy, and freedom from all that "pope" baggage—and valid sacraments, too.

That's what apologists for Eastern Orthodoxy are selling. In a time of uncertainty and confusion for many Catholics, Orthodox challenges to the Church's history, teaching, worship, and authority structure have been drawing Catholics away in hope of greener pastures in the East.

But those thinking of jumping off the barque of Peter toward the siren song of Eastern Orthodoxy—and for Protestants who'd like Catholicism's historical pedigree without all the mess—need to think twice. In *Answering Orthodoxy*, Michael Lofton (Reason & Theology Podcast) shows why, with a thorough and critical refutation of Orthodox attacks against the Church.

Formerly Eastern Orthodox himself, Lofton has the knowledge and experience to uncover the flaws in the most common anti-Catholic arguments from Orthodoxy's top advocates. From intricate doctrinal debates to the historical flubs and foibles of the popes, right on down to the basic understandings (and misunderstandings) of the sacraments Catholics and Orthodox share but don't always agree on, *Answering Orthodoxy* shows where Orthodox attacks go wrong. In so doing, he not only strengthens Catholic conviction in the truth of the Faith, but also shows the Orthodox that there's not as much distance between them and the Church as they might think, and unity with Rome might be closer than ever.

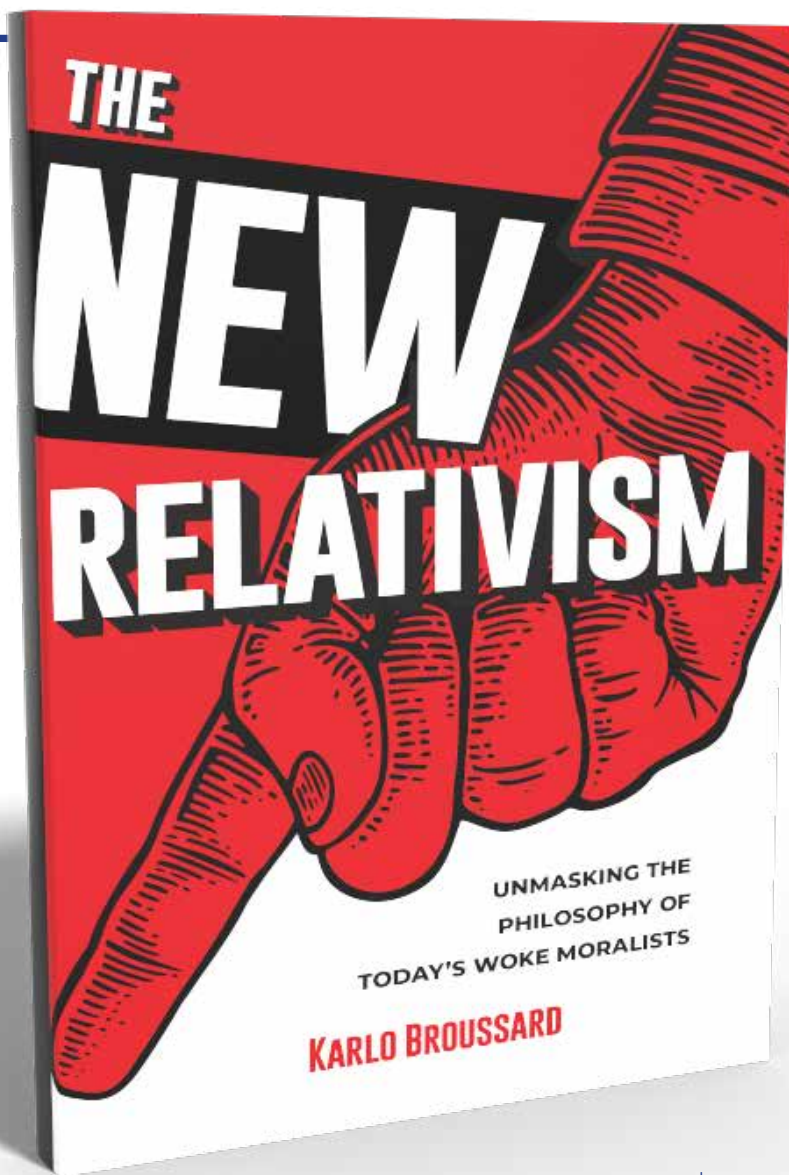

Whether you're frustrated with today's Church and find yourself attracted to Orthodoxy's antiquity, beauty, and religious rigor, or you're just looking to learn the best Catholic responses to Orthodox arguments, *Answering Orthodoxy* will equip and edify you.

# THE NEW RELATIVISM

Karlo Broussard

Do you remember when relativism was the nemesis of Christians and all people of right reason? This idea that “you have your truth and I have mine” was so pervasive and insidious that Pope Benedict XVI warned it was a “dictatorship” that threatened all our freedoms.

Then, seemingly overnight, we’re being told that it’s not a problem anymore. Why? Because in today’s “woke” world, most people are now moralists, not relativists. They impose a litany of new, seemingly absolute “commandments” to make sure we’re never racist, sexist, judgmental, bigoted, “anti-science,” or a host of other deplorable things. So, relativism must dead; yesterday’s news.

Not so fast, says Karlo Broussard in ***The New Relativism***. The dictatorship of relativism isn’t dead; it’s just hiding—behind the mask of woke moralism. Scratch these modern commandments we’re supposed to live by, and lurking underneath you’ll find the same basic errors of relativism: mutated into new forms, perhaps, but no less dangerous to our world and our faith.

Drawing on examples both timeless and fresh as today’s news, Karlo unpacks the various styles and flavors of the new relativism, shining a light on their modern woke disguises and showing how to dismantle them piece by piece. Even more importantly, he shows you how to replace them with better “commandments” that reflect a moral and intellectual universe of objective truth.

CB500.....176 pgs..... \$16.95

# WHEN PROTESTANTS ARGUE LIKE ATHEISTS

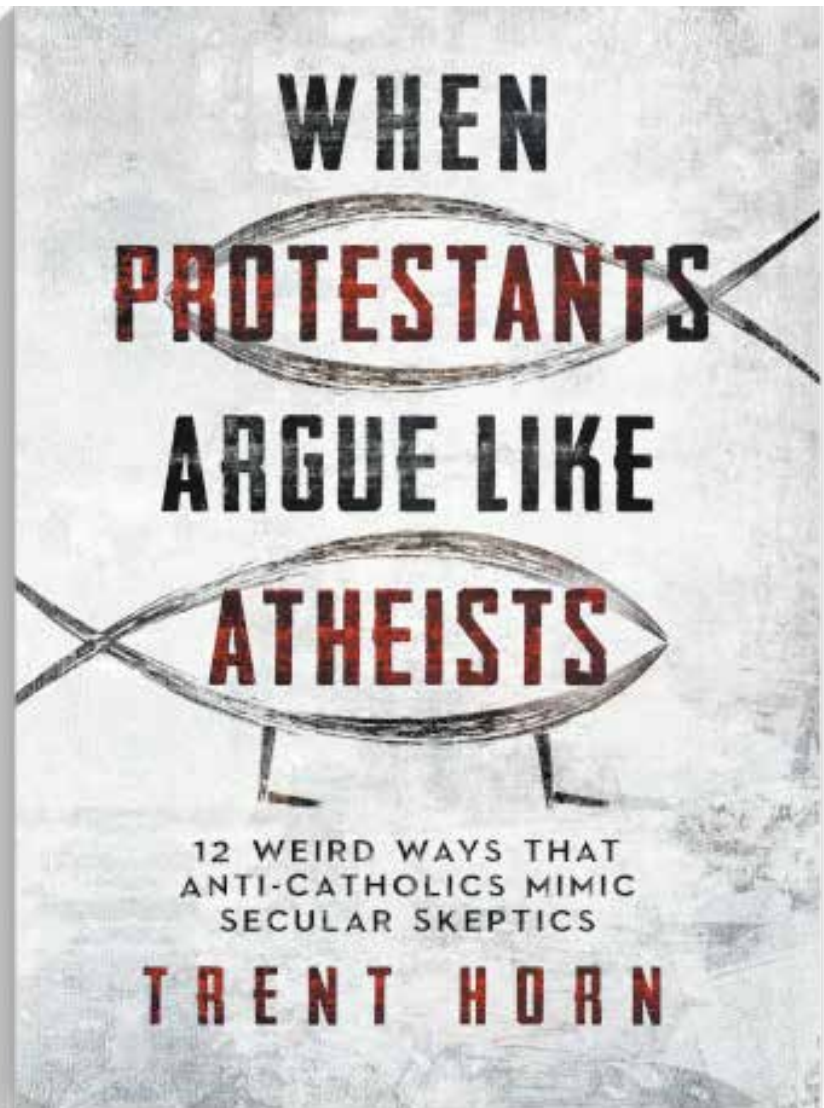

Trent Horn

Protestant apologists are usually our partners when it comes to defending the existence of God, the inerrancy of Scripture, traditional moral absolutes, and many other important truths. When arguing against atheism, they shrewdly call out the logical fallacies, double standards, and dirty tricks of skeptical critics.

But then, too often, they turn around and use the same tricks to attack Catholicism.

In ***When Protestants Argue Like Atheists***, Catholic apologist Trent Horn looks at twelve areas where anti-Catholic scholars and polemicists mimic the methods they otherwise decry in anti-theists. Citing the work of both classic and contemporary Protestant figures, he shows how, when defending mere Christianity, they quickly object when skeptics shift the burden of proof, or appeal to fake history, or harp on the morality of the messenger instead of the truth of the message. And yet, when trying to take down Catholicism, they seem to have no problem employing these same shady tactics and others.

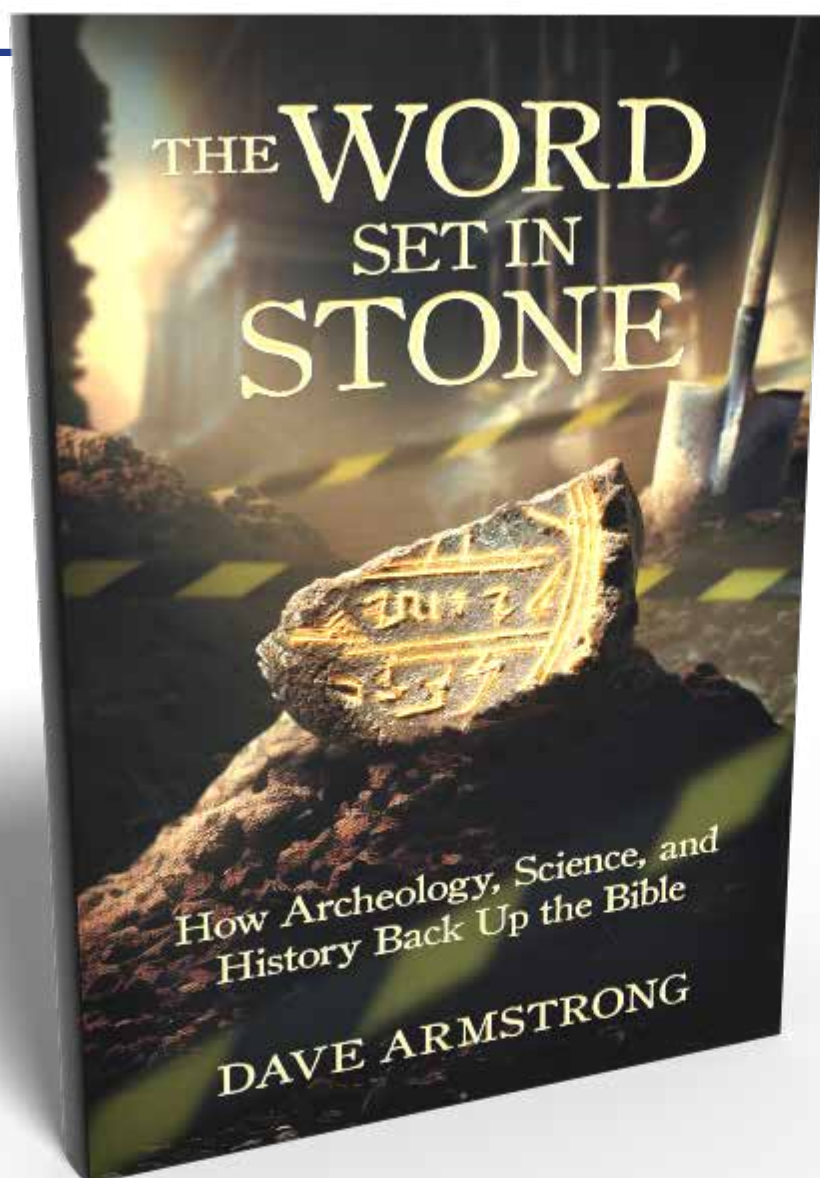

Not only does Trent unveil the hypocrisy and logical weaknesses of such tactics and show you how to refute them—he points out ways that Catholics, too, sometimes imitate the worst arguments of atheists. The result is a much-needed elevation of discourse, for all sides, on these all-important subjects related to Christian truth and our salvation.

CB499.....191 pgs.....\$17.95

# THE WORD SET IN STONE

Dave Armstrong

CB498.....271 pgs.....\$21.95

Anti-Christians have a lot of slick, smart-sounding attacks against the Faith, and their favorite target is the Bible.

How can you really believe that Moses parted the Red Sea? they'll ask. What makes you think Abraham, Joseph, and King David were real people and not just fantastical characters? That's not what the experts say. And how can you take the Bible seriously when the Old Testament is filled with camels . . . way before camels even existed in Israel?

Supernatural faith is a beautiful thing, and strong theology is indispensable, but wouldn't it be great if we could prove the Bible with hard science, too?

In ***The Word Set in Stone***, veteran apologist Dave Armstrong uses secular historiography and proven scientific disciplines such as archaeology, meteorology, and even zoology and hydrology, to show that not only are some of the most fantastic-seeming episodes of the Bible possible, they are probable—even quite likely. From the Gospels to the Prophets all the way back to the Garden of Eden, you'll see that Scripture skeptics don't need a leap of faith to see that the Bible is one of the most historically reliable documents ever written. (And yes, that goes for the Red Sea, too.)

Presenting rigorous scientific research and theory, yet written in a way that's accessible to the average reader, *The Word Set in Stone* levels the playing field between those anti-Christians who cling to a caricature of science and the amateur apologist in all of us. The truth of the Bible is not just a matter of faith; it's elementary.

# HEART OF THE GOSPEL

Sebastian Walshe, O. Praem.

Call for Parish Discount

“Blessed are the\_\_\_\_\_”

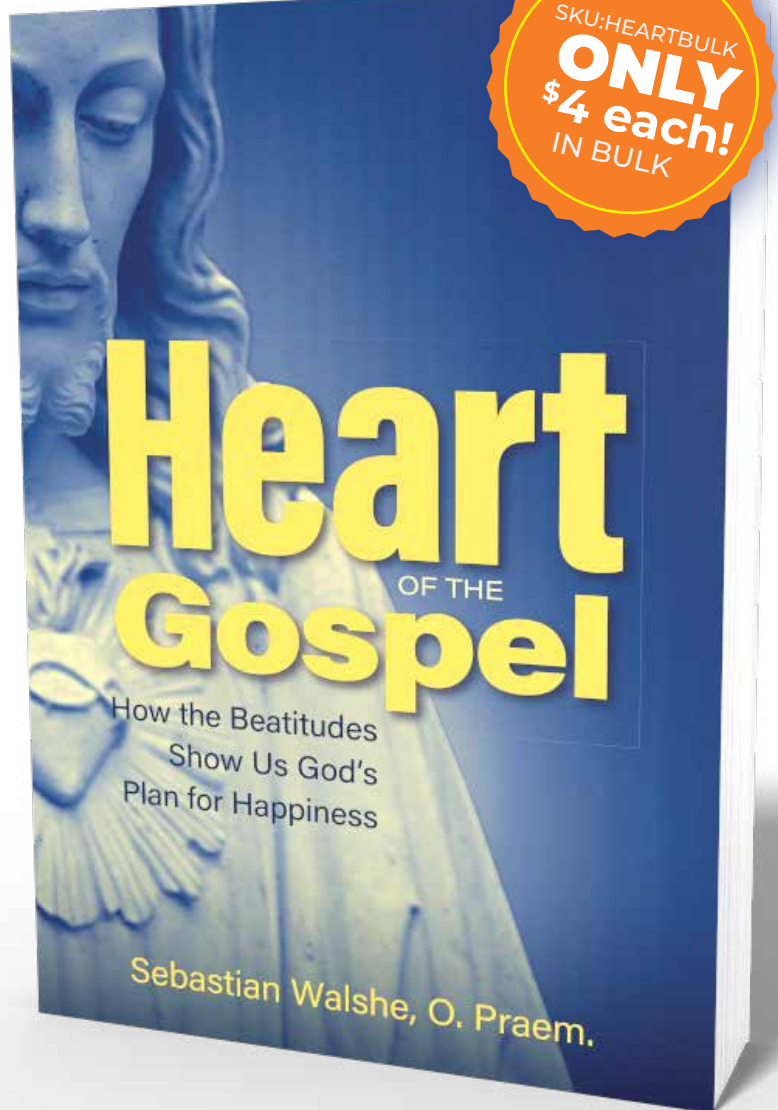

Many of us can fill in the blank with a list memorized in Sunday school or catechism class. The meek, the poor in spirit, something about those who are reviled... and that's it. These Beatitudes are a nice bit of pious trivia, nothing more.

But if that's what we think, Fr. Sebastian Walshe (*Secrets from Heaven*) says we're missing out—not only on some of Jesus' most important teachings in the Gospels, but on the very core of his saving message.

In ***Heart of the Gospel***, Fr. Walshe demonstrates compellingly how these eight declarations from the Sermon on the Mount known as the Beatitudes make up the foundation, essence, and final goal of Jesus' teachings. They are as central to the gospel as the Ten Commandments were to the old Law: a roadmap for navigating the New Covenant.

And where does that map take us? To happiness—which is what beatitude means, after all. To that end for which God made us and only in which we can feel fulfilled. In these rich meditations, Fr. Walshe illuminates the scriptural passages from which we get the Beatitudes; explains the significance of their wording, their order, and their timing in Jesus' ministry; and draws out edifying parallels and connections with salvation history and the lives of the saints.

Most importantly, he offers wise counsel from his own work as a priest and teacher to help us understand the Beatitudes better and live them out in our life—following that roadmap that leads to happiness in this world and in the world to come.

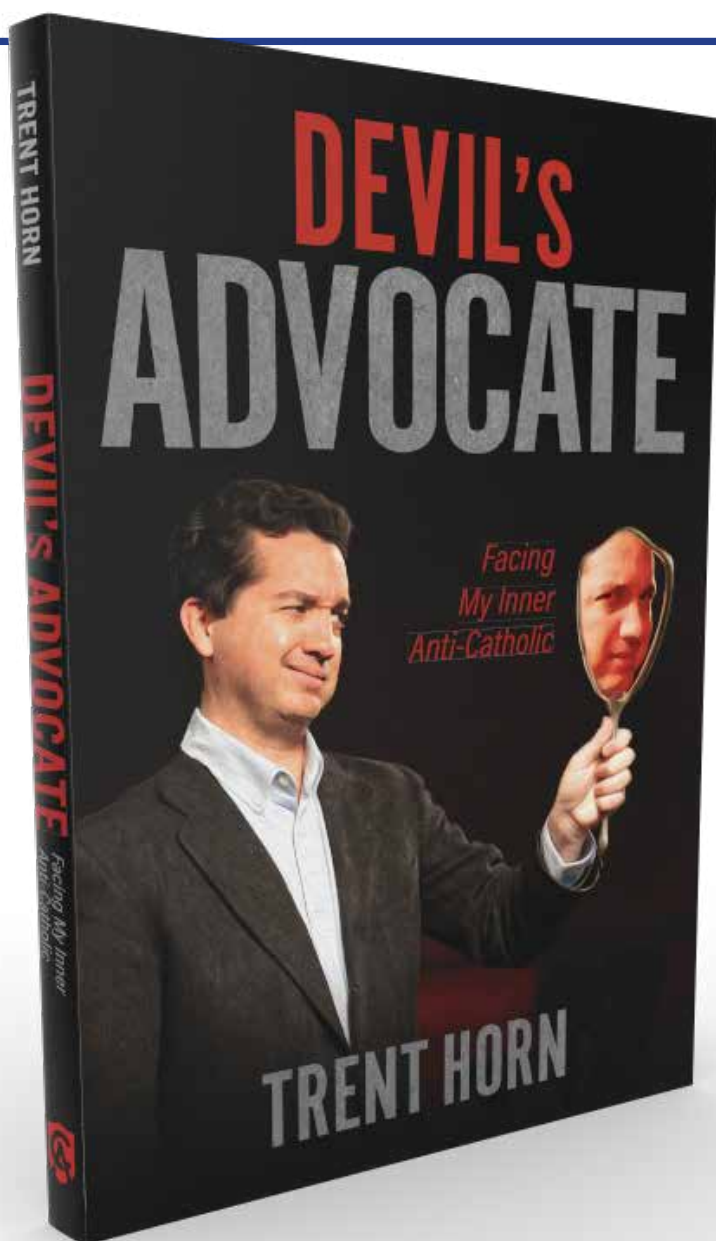

CB497 ..... 176 pgs.....\$17.95

# DEVIL'S ADVOCATE

Trent Horn

CB489.....166pgs..... \$16.95

He has debated Protestants, skeptics, and socialists. He has refuted countless atheist arguments and debunked a thousand anti-Catholic myths—without breaking a sweat. But now Trent Horn has met his match . . . himself.

What if the voice of your deepest doubts and difficulties about Catholicism rose up in the form of a human being and challenged you to defend your most foundational beliefs? That's the task Trent faces in *Devil's Advocate*: a dialogue with his own best objections against the faith he professes and defends.

In this engaging series of conversations with his anti-Catholic alter-ego, Trent battles challenges on topics such as: God: You can't believe that God is a person when most philosophers say that—at best—God is just a force. The problem of evil won't allow it!

The Resurrection: Why say that Jesus truly rose from the dead when simpler explanations suffice? Why believe in this miraculous story but reject those in other religions?  
Abortion: Would you really tell a pregnant woman she must keep the baby even if doing so will kill both of them?

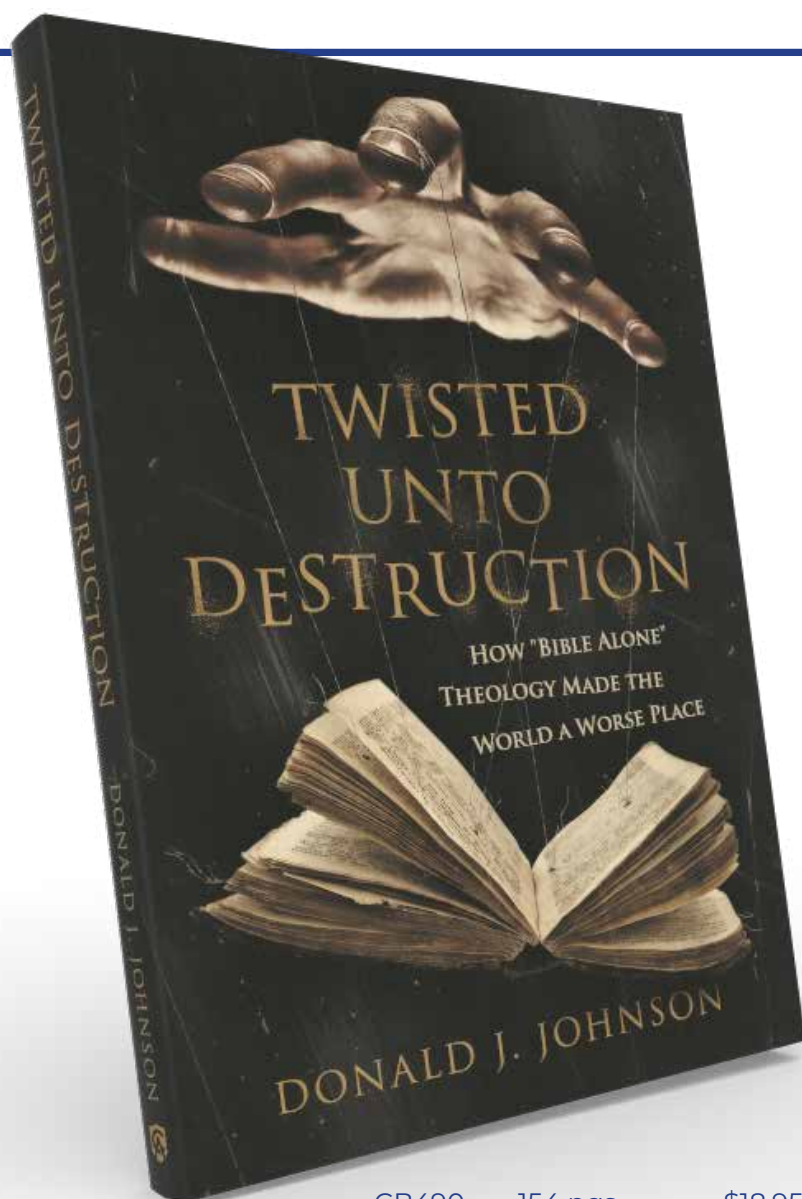

The Bible vs. the Pope: Doesn't it make more sense to put your faith in the unchanging word of God over Catholic leaders who keep making new teachings?

Hell: How can you believe that God tortures people in hell forever?  
What if it were your own child?

The voice of doubt does not mess around—not for Trent, and maybe not for you, either. But in *Devil's Advocate*, you'll find that there's a better option than ignoring those doubts you can't quite beat. You have what it takes to face them . . . and Trent will show you how.

# TWISTED UNTO DESTRUCTION

Donald J. Johnson

CB490..... 154 pgs..... \$18.95

## How “Bible Alone” Theology Made the World a Worse Place

Martin Luther and his fellow “Reformers” turned Christendom upside-down by rejecting the authority of the Church that Jesus founded and claiming instead that personal interpretation of Scripture is to be our rule of faith. This infamous principle of sola scriptura—the “Bible alone”—created 500 years of doctrinal chaos and sectarian division.

But that awful aftermath is not the only legacy of sola scriptura. In ***Twisted Unto Destruction***, Donald J. Johnson shows how ditching the Church in favor of private Bible interpretation has also enabled some of the modern world’s worst crimes and vices.

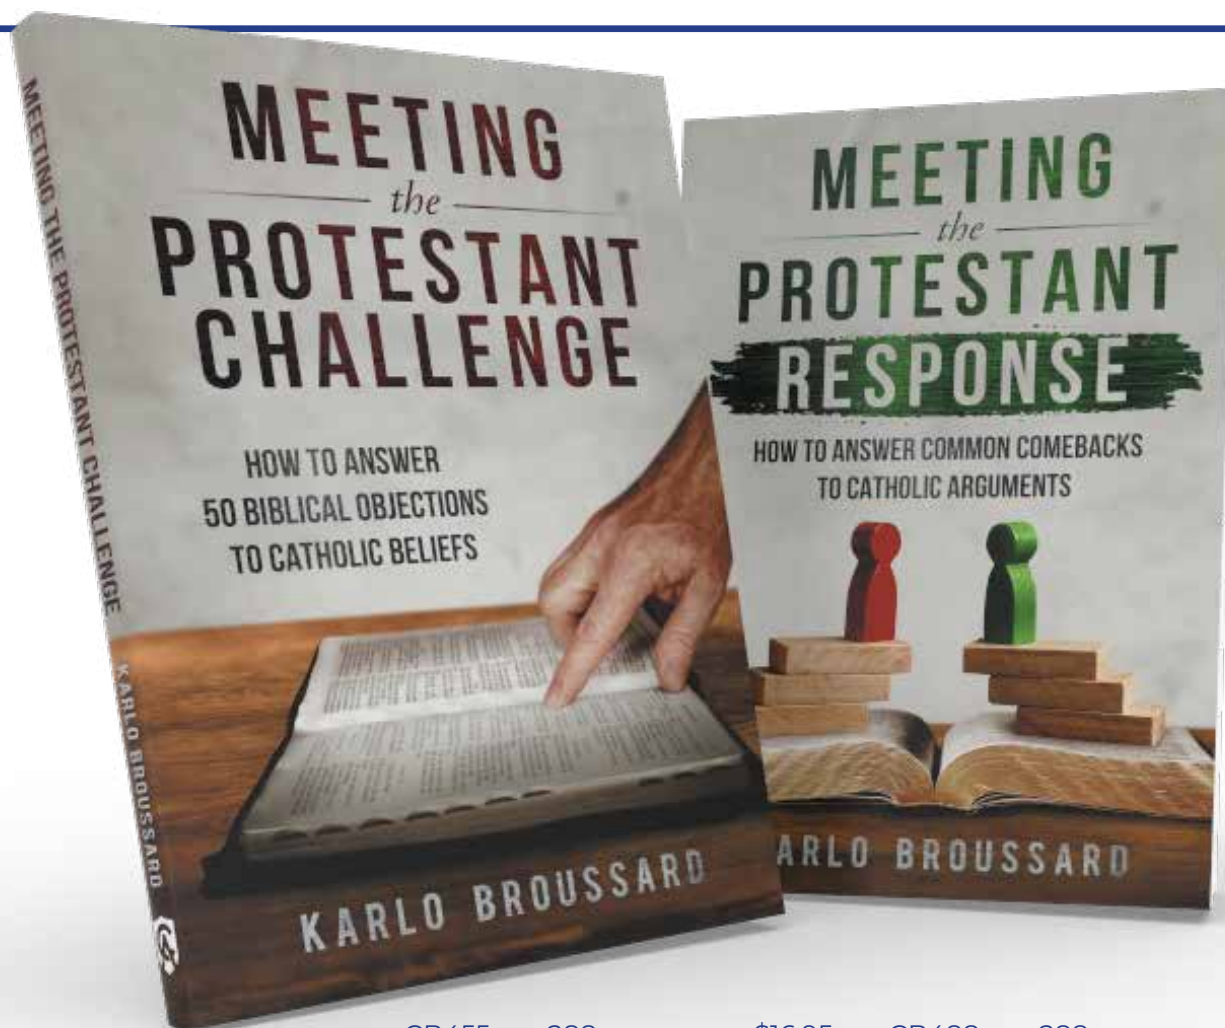

Once an Evangelical Protestant who took sola scriptura for granted, Johnson came to realize that setting ourselves up as little Magisteriums—whose opinions on the Bible’s meaning have to be as valid as anyone else’s—not only leads to endless splintering, but makes it possible to use Scripture to justify anything.

Like puppeteers, Christians could make the words of the Bible dance on command, inventing “biblical” endorsements of violence, greed, racism, abortion, sexual depravity, and more. Without an authoritative Church to hold the line, and long removed from a practical consensus, Protestantism has been unable to resist the tide of modern errors.

In fact, as Johnson shows, in many cases, it has endorsed and expanded those errors. Read *Twisted Unto Destruction* to learn how we can fight this abuse of the Bible and reverse the damage it has caused.

# MEETING THE PROTESTANT CHALLENGE & RESPONSE

Karlo Broussard

CB455 ..... 288 pgs ..... \$16.95

CB488 ..... 288 pgs ..... \$18.95

**Wonderful book to help bring simplicity to tough conversations! It will be a book I reference for many years to come I'm sure!**

- Stacey H.

# Meeting the Protestant Challenge

## How to Answer 50 Biblical Objections to Catholic Beliefs

Every Catholic has heard the challenge: "How can you believe that? Don't you know the Bible says..." Meeting the Protestant Challenge gives you the knowledge and tools you need to answer fifty of the most common Bible-based objections to Catholicism like: How can the Mass be a sacrifice when the Bible says it's just a memorial? Why do Catholics stress good works when the Bible says we're saved by faith? Scripture says that all have sinned—so what Catholics believe about Mary being "immaculate" is plainly false. Jesus said to call no man father, yet that's what Catholics call their priests! How much clearer could it be?

For these challenges and many more, Karlo provides a step-by-step plan for understanding the roots of the objection, breaking down the context and full meaning of the Scripture passages, anticipating followup arguments, and offering your own friendly counter-challenge to help Protestants begin to see how the Bible and Catholic teaching actually coexist in harmony.

### **When Protestants Strike Back...**

Since the start of the modern apologetics revival, millions of regular Catholics have learned to give good reasons for the things they believe—usually

to Protestants who challenge our faith with a Bible verse or historical claim. Using Scripture, early Church authorities, and sound logic, we've equipped ourselves with sound answers for when the Church's critics came calling.

But those critics have been paying attention. Over the years, Protestant pastors, authors, and radio answer-men learned how to anticipate our arguments and worked hard to furnish their followers with their own answers to rebut the standard Catholic proofs.

### **It's time for a new wave of apologetics to respond to these fresh claims!**

In *Meeting the Protestant Response*, Karlo Broussard follows up his bestselling *Meeting the Protestant Challenge* by looking at those counterarguments that Protestant scholars have developed. On subjects such as the Eucharist, the papacy, salvation, Mary, and the veneration of saints, Karlo breaks down these new comebacks, shows how they don't actually disprove the classic Catholic arguments, and offers more biblical, logical ways to explain and defend the doctrines and practices of our Faith.

# WHAT IS GOD?

Kevin Vost

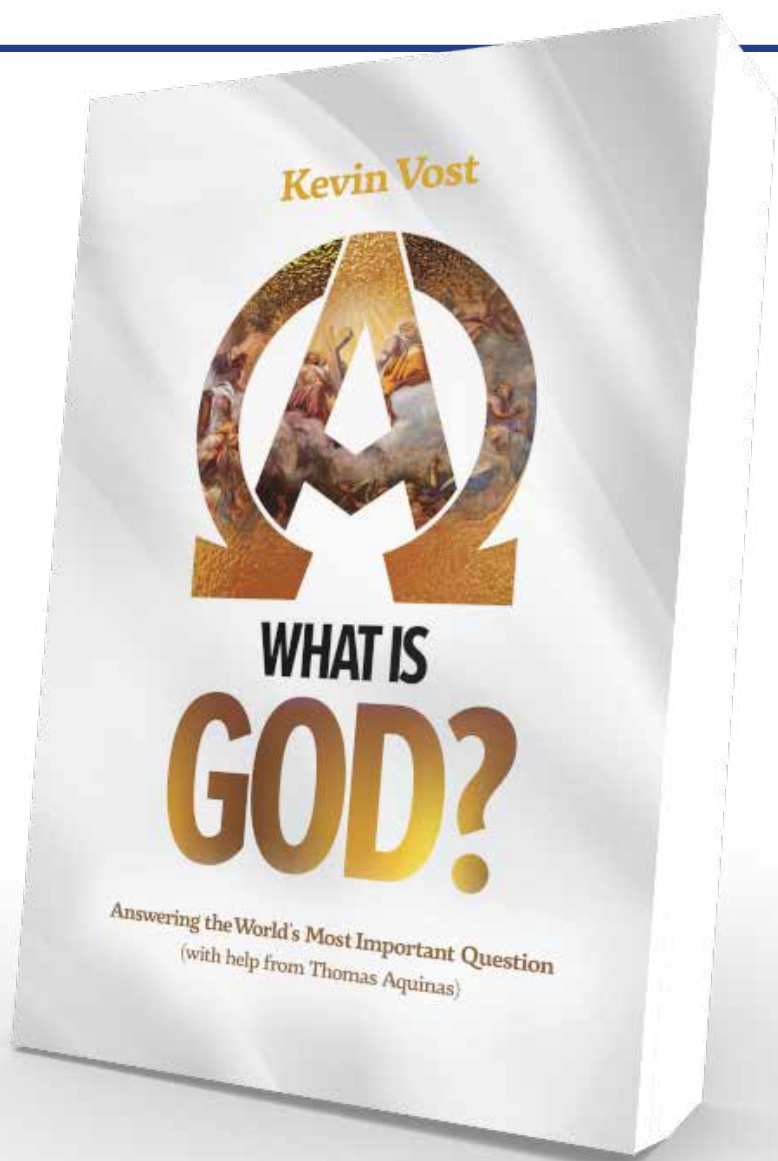

**Have you ever tried to have a close, loving relationship with someone you don't know? It's not easy. (And it's probably not a good idea!)**

Most would never dream of attempting such intimacy with a human stranger, yet many of us try to do just that with God! But just as with people, if we don't know God, we can't love him.

In ***What Is God?***, Kevin Vost (Memorize the Reasons!) shows you how you can better know the most worthy object of our love, following the thought of the great theologian who first asked that question as a young boy: St. Thomas Aquinas.

That thirteenth-century Dominican friar later devoted much of his masterwork, the *Summa Theologica*, to exploring God in his deepest essence. But if you don't have time to read a 1.8-million-word philosophical treatise translated from medieval Latin, Dr. Vost is here to break down the key parts for you. In clear and approachable fashion, *What Is God?* examines God's attributes and considers questions about him that have vexed mankind for centuries. What does it mean for God to be simple? To be perfect? Is God really knowable, after all? Can we say that he is happy? Is God able to change the past, or cause it not to have been? And the classic: can God make a boulder so big that even he cannot lift it?

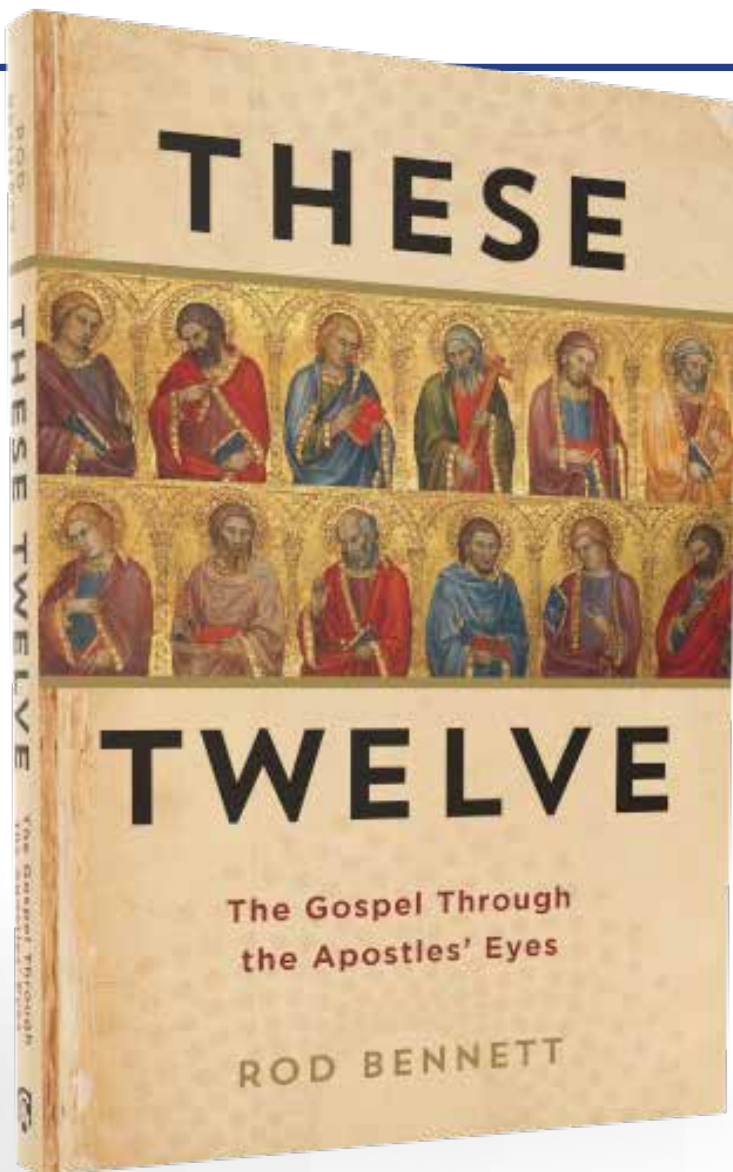

St. Thomas has an answer for all of these, and many more . . . and *What Is God?* is the first book to collect and explain those answers in one place for modern readers.

CB494..... 256 pgs..... \$18.95

# THESE TWELVE

Rod Bennett

CB487.....173 pgs..... \$18.95

## The Gospel Through the Apostles' Eyes

One, holy, Catholic... and apostolic Church? Catholics often overlook that last part. And Protestants tend to downplay its importance, treating the apostles as accidental byproducts of Jesus' ministry rather than key pieces of it.

But in ***These Twelve***, author Rod Bennett (*Four Witnesses, The Apostasy That Wasn't*) shows that the apostles weren't random, interchangeable parts—mere pawns that Jesus moved around in order to accomplish his mission. No, these men were the mission.

In this riveting re-examination of familiar Gospel events from the ground-floor perspective of Christ's hand-picked heirs, you will learn the true meaning of apostolicity—and why it's an essential mark of the one Church that Jesus founded to go out to the world and make all people his Chosen People.

Along the way, you'll delight in Bennett's trademark storytelling style as he movingly depicts what it was like to witness Jesus' teaching and miracles from the apostles' point of view. The Lord's most intimate disciples take on flesh and blood, with their strengths, weaknesses, backgrounds, and motivations explored with the help of Scripture, history, and the insights of faithful scholars.

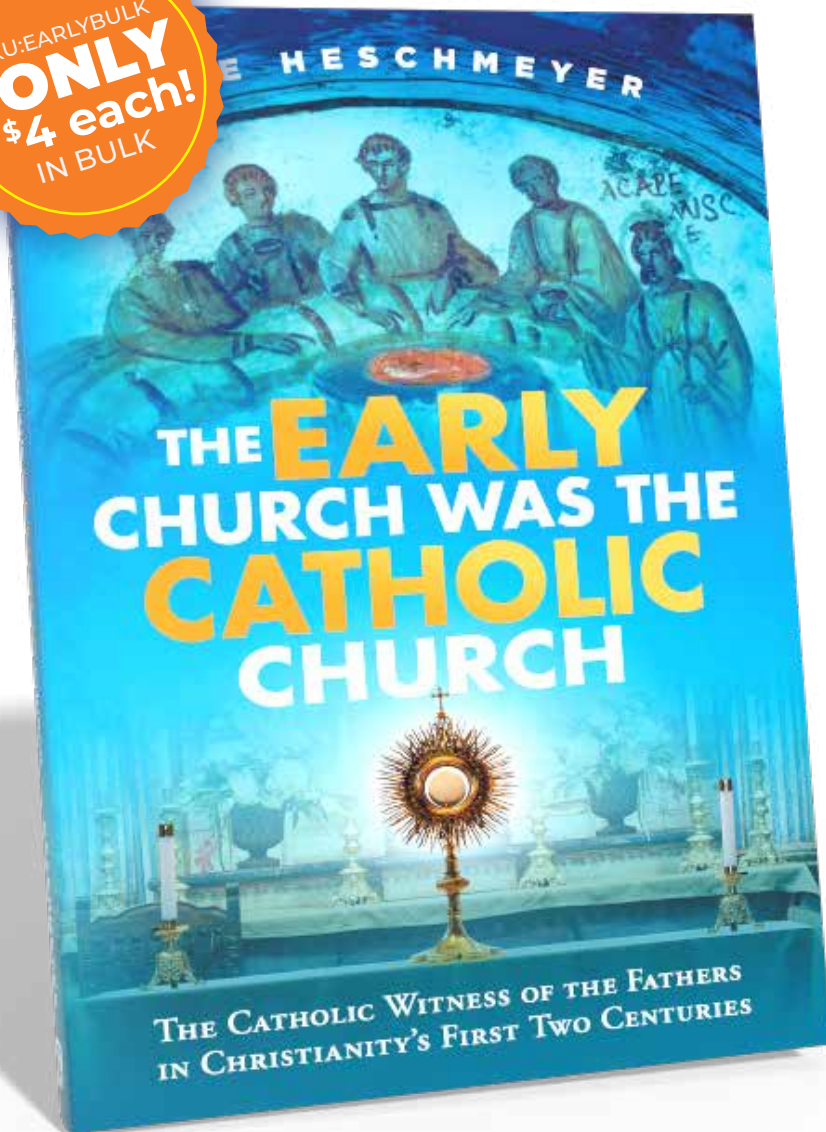

# THE EARLY CHURCH WAS THE CATHOLIC CHURCH

Joe Heschmeyer

Call for Parish Discount

SKU:EARLYBULK  
**ONLY**  
\$4 each!  
IN BULK

When it comes to the history of Christianity, the Catholic Church makes a pretty bold claim: that the earliest Christians were Catholics—and that their beliefs and practices have continued unbroken all the way to the present-day Church.

But the Last Supper was a long time ago, and for hundreds of years Protestants have been attacking Catholic claims about Christianity's historic origins, traditions, and practices. They prefer to believe that the earliest, “purest” Church had much more in common with their own congregations and doctrines.

So, how can you be sure the Catholic Church has it right?

You'll get your answer from Joe Heschmeyer, who deftly joins the Catholic past and present in ***The Early Church Was the Catholic Church***. Focusing on the first two centuries (before any Roman “apostasy” is said to have taken place) and on bedrock principles of Christian belief, authority, and worship, Heschmeyer digs deep into the words and actions of those who lived right after the apostles to refute anti-Catholic claims of how the Faith was practiced “back then.”

Early Christianity is not some mist-enshrouded island of the distant past that was waiting for the Protestant Reformers to rediscover it. No, it's recognizable and familiar: the beginning of a Spirit-guided line of faith leading directly to today's Catholic Church. If you want to learn to defend that Church at its roots—or if you're just curious about what our eldest Christian brothers and sisters believed—you can expect in these pages to be richly rewarded.

CB483.....288 pgs .....\$17.95

# WHY WE'RE CATHOLIC

Trent Horn

Call for Parish Discount

## How can you believe all this stuff?

This is the number-one question Catholics get asked—and, sometimes, we ask ourselves. Why do we believe that God exists, that he became a man and came to save us, that what looks like a wafer of bread is actually his body? Why do we believe that he inspired a holy book and founded an infallible Church to teach us the one true way to live?

Since he became Catholic, Trent Horn has spent a lot of time answering these questions, trying to explain to friends, family, and total strangers the reasons for his faith.

Some didn't believe in God or even in the existence of truth.

Others said they were spiritual but didn't think you needed religion to be happy.

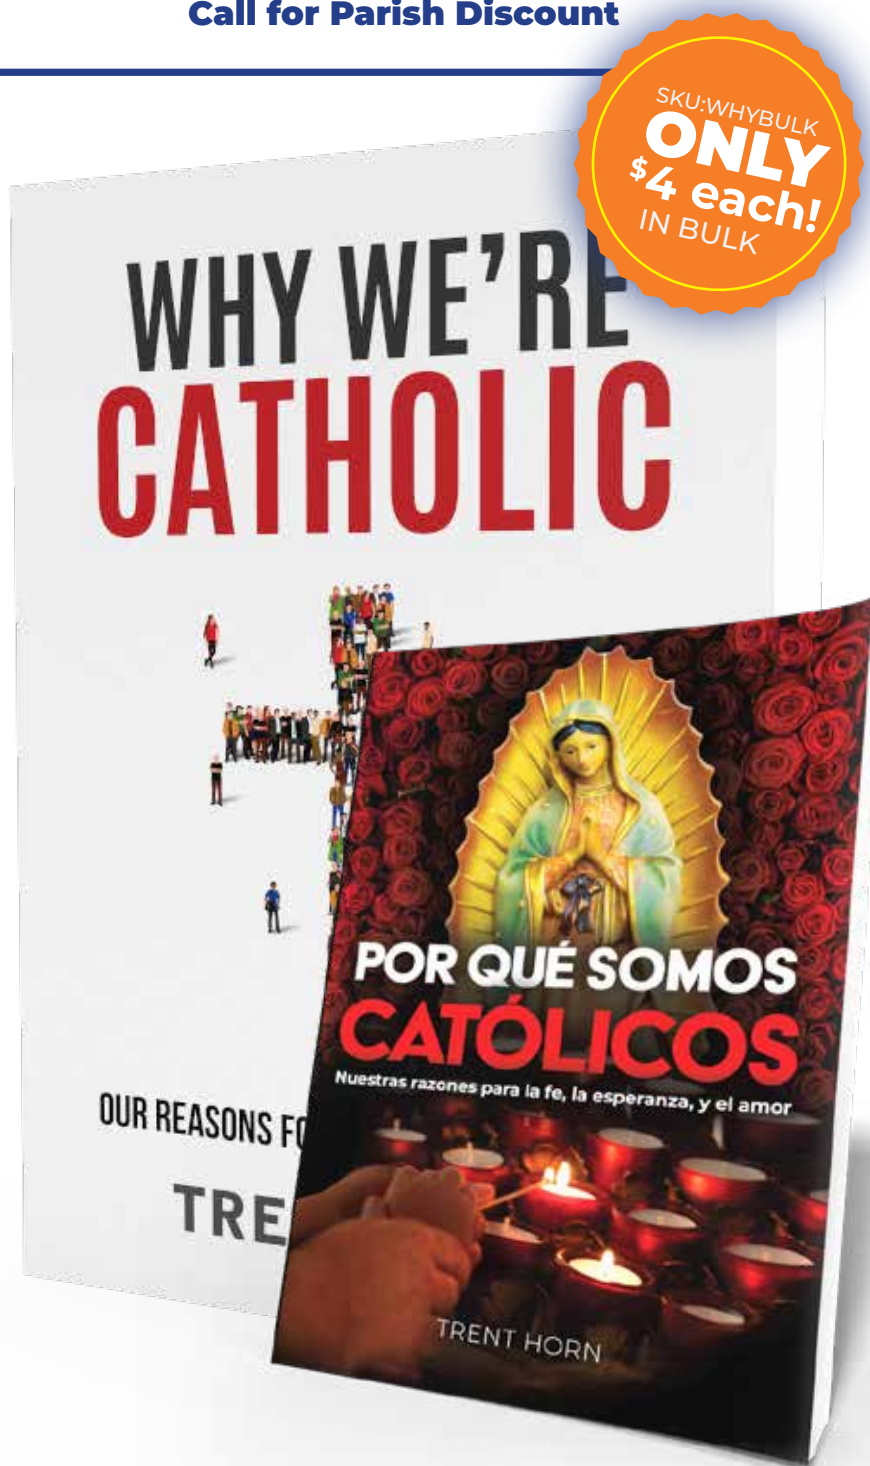

Some were Christians who thought Catholic doctrines over-complicated the pure gospel.

And some were fellow Catholics who had a hard time understanding everything they professed to believe. **Why We're Catholic** assembles the clearest, friendliest, most helpful answers that Trent learned to give these people. Beginning with how we can know reality and ending with our hope of eternal life, it's the perfect way to help skeptics and seekers (or Catholics who want to firm up their faith) understand the evidence that bolsters our belief—and brings us joy.

# THE SAINTS PRAY FOR YOU

Karlo Broussard

**Call for Parish Discount**

When you think of saints, what image comes to mind? Maybe halos and angel wings, or maybe a football team from Louisiana. Or maybe you think of one of the most difficult stumbling blocks that Catholic belief presents for Protestants: the doctrine of the communion and intercession of the saints.

Why do Catholics pray to dead people? How can we expect those same people to pray for us . . . and why would they want to? What about bowing to relics and statues? And where is all this in the Bible? Doesn't it say that we're all saints?

These questions and others can keep other Christians at arm's length from Catholicism—or worse, force them to conclude that Catholics have hopelessly mixed up true biblical religion with superstition and remnants of paganism.

But in *The Saints Pray for You*, Karlo Broussard brings the answers, backed up with the Bible. He shows how the communion of saints is not a medieval fantasy, and their intercession is not a joke the Church plays on us. Appealing to the witness of Scripture and the practice of the early Church, while neutralizing the misguided prooftexts that Protestants deploy, Karlo convincingly defends the ancient Christian belief that the saints are our family in heaven and our prayerful allies in the work of our salvation.

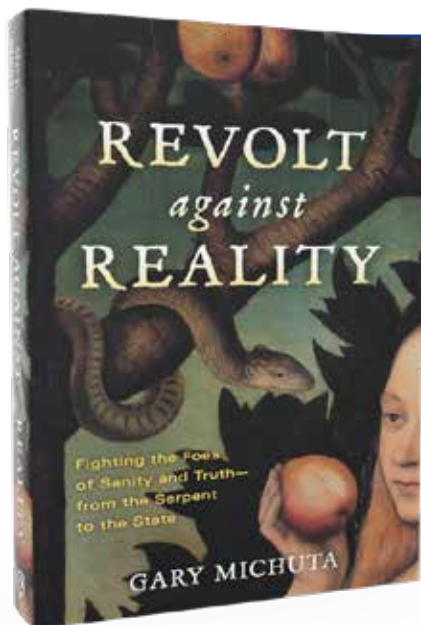

CB512.....220 pgs.....\$18.95

# REVOLT AGAINST REALITY

Gary Michuta

CB481.....320 pgs.....\$18.95

We seem to be living in an age of insanity. Crimes against children, born and unborn; marriage defiled and redefined; the madness of transgenderism; the looming terror of trans-human-ism . . . the list goes on and on. And it's getting uglier out there every day. Everywhere you look, the culture is twisting truth into lies and lies into truth.

How did we get to this bizarre point in history? More importantly, how can we fight the tide of insanity and win reality back?

In ***Revolt Against Reality***, Gary Michuta (*Hostile Witnesses, Why Catholic Bibles Are Bigger*) explains how an army of liars, manipulators, and bad actors has conspired literally from the beginning to thwart God's plan for man—a plan of order and peace, centered on the Incarnation of

Jesus Christ. Michuta takes you step by step through history, unmasking the enemies of faith and reason in every age—all the way back to Satan himself, who in the Garden of Eden promised that we could become our own gods.

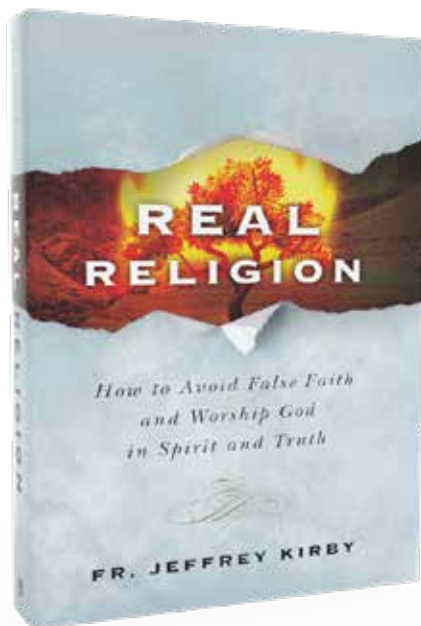

Since then, every error, heresy, and moral abomination has been part of the same intricate network of lies, designed by the Father of Lies, to wrench us from what makes sense and trap us in a prison of contradiction and chaos.

We'll never restore sanity to the world until we know how the enemy operates. Read *Revolt Against Reality* and you'll understand his age-old tactics . . . and you'll be prepared to fight back!

# REAL RELIGION

Fr. Jeffrey Kirby

CB475 .....176 pgs.....\$16.95

According to divine command and simple justice alike, we should give God worship. But how do we know if we're doing it right?

After all, the world is hardly in full agreement on this question. Is religion really just about bowing and kneeling in a big church? Maybe we should worship God by communing with nature instead, or by loving our neighbor. Or maybe, since God dwells within us, true worship simply means becoming the best version of ourselves.

In ***Real Religion***, *How to Avoid False Faith and Worship God in Spirit and Truth*, popular preacher and professor Fr. Jeffrey Kirby cuts through misguided modern notions—idols, really—about God and religion and

takes you back to the foundation for true worship: God's revelation about himself.

There's no secret formula; God has laid out all the answers for us. From his very first contact with his chosen people in the Old Testament, to his loving guidance throughout salvation history, to the culmination of his revelation in Jesus Christ, God shows us what religion is supposed to be like—and how to make the practice of it a lifelong virtue in our lives.

In doing so, we not only render justice to God but perfect our souls, putting us on a path to achieving real religion's goal: peace in this world and eternal happiness with him in the next.

# LIGHT FROM DARKNESS

Steve Weidenkopf CB480 .....320 pgs.....\$19.95

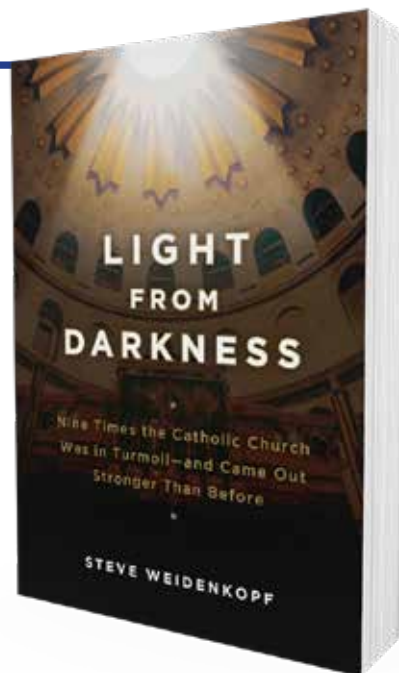

**Ask Catholics about the crisis in the Church today and you'll often get one of two responses:**

**The end is upon us! or Everything's fine—the Holy Spirit is in charge!"**

Neither of those attitudes makes sense from the perspective of history, says Steve Weidenkopf (*The Real Story of Catholic History*).

In his new book, *Light from Darkness*, Weidenkopf shows how the Church's past ages were no less tumultuous than our own. Yet, whether it was decadent hierarchs selling out the Faith for pleasure and power, or hostile princes, heresies, or ideologies (sometimes all three at once) menacing Christendom, the Catholic Church not only persisted during hard times but came through them stronger than before.

In each case, though, Weidenkopf demonstrates how the Church's survival was not an accident or a last-minute miracle. Instead, good Catholics (lay and clergy alike) cooperated with God's grace to beat back error and corruption and reform the house of God from within. They resisted the twin temptations of cynical schism and Pollyanna passivism and went to work—first in their own hearts—bringing good out of evil, light from darkness.

# POPE PETER

Joe Heschmeyer CB466 .....280 pgs .....\$18.95

**The papacy is no stranger to controversy.**

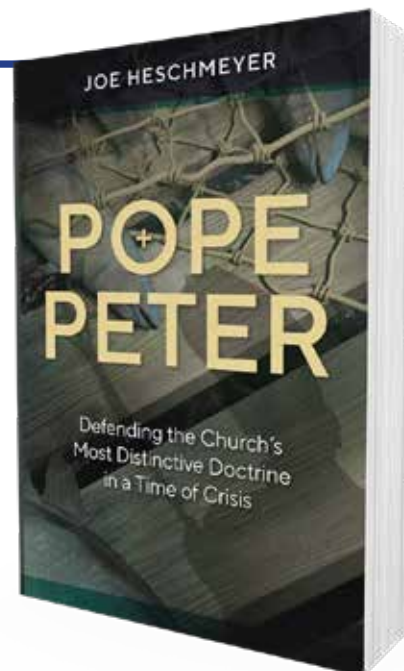

In many ways it's Catholicism's defining doctrine—but also its most divisive. From medieval pontiffs who acted like princes to a modern pope whose every casual statement sets off a social-media firestorm, there has been plenty for non-Catholics to criticize and for the faithful to feel anxious about.

We profess that Jesus made St. Peter the visible head of his Church on earth and that his successors throughout the ages are guided by the Holy Spirit to govern, teach, and sanctify it. How can we strengthen this belief in the papacy in the face of challenges (both

outside the Church and within it) and so strengthen our faith in the One who instituted it?

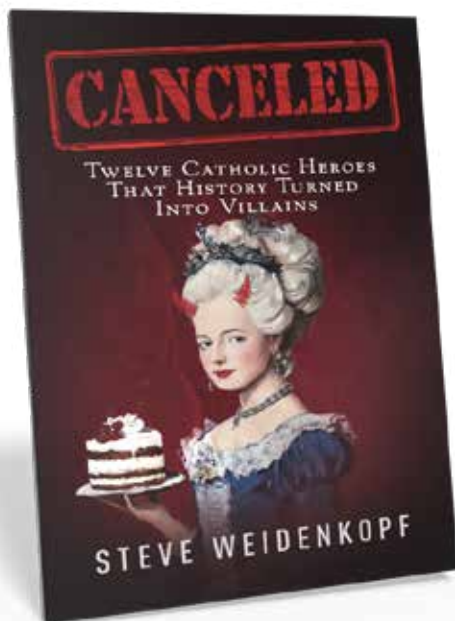

In *Pope Peter*, Joe Heschmeyer says that papal flaws are an opportunity to understand what the papacy really means, not to abandon it (or the Church). Drawing deeply on the scriptural and historical witness, he offers a thorough but accessible defense of the papal office and an edifying picture of the extent—and limits—of its authority.

Jesus made Peter the Rock of the Church and promised that the gates of hell would not prevail against it. Pope Peter will confirm your faith in that promise and help you proclaim its truth to others.

# CANCELED

Steve Weidenkopf CB516 ..... 320 pgs..... \$23.95

We have to admit it, right? Certain Catholics were some of the most villainous characters in history.

Or were they?

In *Canceled*, historian Steve Weidenkopf (*The Real Story of Catholic History*) digs into some of the most controversial Catholics ever to capture the popular imagination. He looks at notorious figures like Christopher Columbus and Marie Antoinette, so associated with their presumed evils that the modern world has completely written them off—canceled them from any favorable mention or memory. And worse, the world now uses them as brushes to tar the whole Church.

Weidenkopf discovers, though, that these figures are actually victims of a concerted project of defamation, their lives twisted and misrepresented by the Church's enemies: Enlightenment

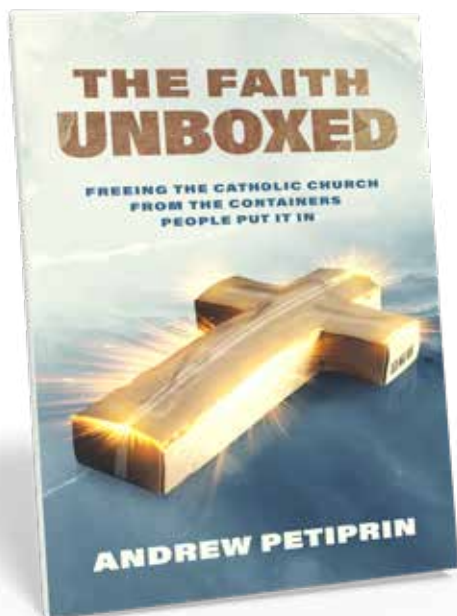

philosophers, Protestant rebels, modern secularists, and even malcontents within Catholicism.

What is official history getting wrong about Torquemada or Pius IX? Could there really be another side to the story of “Bloody” Mary Tudor? Or Guy Fawkes? Weidenkopf cuts through centuries of shady lies and viral myths (maybe you even believed them!) to get to the amazing truths about these and other maligned men and women of God.

*Canceled* is not a whitewash, but rather a much-needed work of correction. Skillfully challenging the anti-Catholic historical record, it comes to the defense of faithful (though hardly flawless) Catholics whose reputations have been unfairly blackened—and to the defense of the Faith with which they are forever linked.

# FAITH UNBOXED

Andrew Petiprin CB515 ..... 176 pgs..... \$18.95

What is the Catholic Church? It seems everybody has an opinion.

It's a dictatorship! say liberal secularists. Indifferent observers may glance over and conclude it's some sort of club. Ask a Catholic and he'll probably explain that, no, it's a religion.

But, in fact, Catholicism isn't any of these things. It doesn't perfectly fit those convenient “boxes”—or many others that people try to put it in.

In *The Faith Unboxed*, Andrew Petiprin tries to answer the question of what Catholicism is by examining and straining out what it is not. Using a blend of everyman's theology, personal testimony, and thoughtful dives into

pop culture, he breaks open those ill-fitting boxes and casts them aside, revealing the full truth of Catholic identity within. With every label he peels off—whether it's Denomination, or Institution, or Escape from Reality—he brings us closer to the real faith, the genuine Church that Christ founded and wants us to see with clarity.

Part memoir, part travelogue, part time capsule, and on every page a compelling and accessible popular ecclesiology, *The Faith Unboxed* moves us past false or inadequate descriptors, allowing to recognize this Catholic “thing” as it really is: the big, the one, the only thing.

# NOT JUST SPIRITUAL

Christine Flynn

CB514.....137 pgs.....\$18.95

Like many young women of her generation, Christine Flynn never had much use for “organized religion.” But she sure was spiritual.

In fact, she considered herself spiritually advanced. Unlike her peers who sat in church pews on Sunday, blindly following man-made rules and rites, she was in tune with the powers of the Universe. Her personal spirituality—revealed through the stars, in her dreams, by meditation and self-actualization—made her feel wise, strong . . . and special.

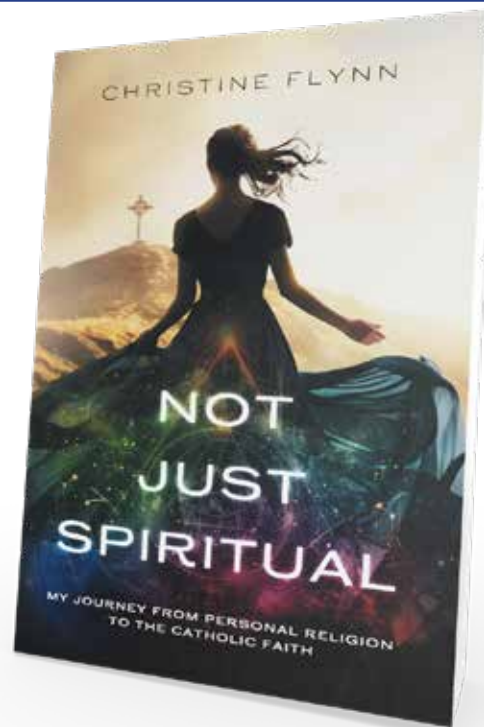

But it never brought her peace.

Soon, the life choices that had made sense in her homemade ethical system were bringing her only mounting misery. And when her world started to spiral out of

control, she discovered that her faith in inner divinity offered her no guidance or consolation—just the emptiness of self-absorption.

It was there, in the darkness of sin and sickness and poisoned relationships, that the still, small voice of Christ began calling to her. And then comforting her, healing her, and leading her from the illusory world of personal spirituality to fullness of truth and life—body, mind, and spirit—in the Catholic Church.

Not Just Spiritual is the raw and real story of Christine Flynn’s journey from error and vice to the Lord’s saving grace. And it evokes truths that go beyond just one woman’s life, offering a compelling answer to the “spiritual, but not religious” fad that infects our age.

# REAL DISCIPLESHIP

Fr. Jeffrey Kirby

CB511.....150 pgs.....\$18.95

Discipleship??

Isn't that a Protestant thing?

If you think that, you're not alone. The concept of Christian discipleship gets stressed so much in Evangelical culture that many Catholics assume that—like “altar calls” or the “Rapture”—it's not their concern.

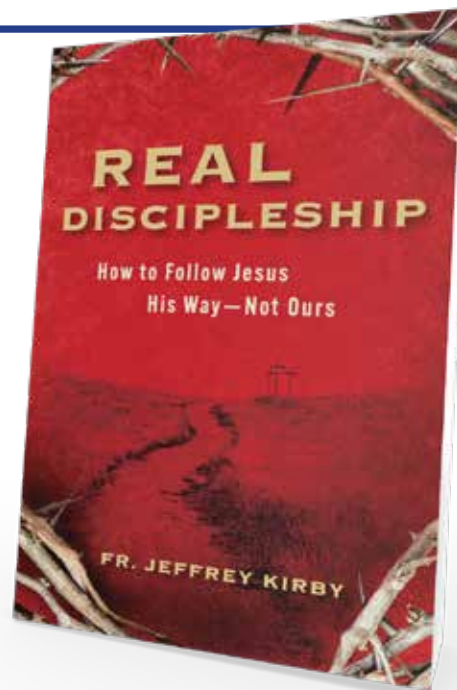

Or maybe you're more familiar with a form of “discipleship” that stresses personal fulfillment, moral and doctrinal flexibility, and an individualist gospel that measures success by worldly standards. This idea has roots in Protestant “health & wealth” preaching, but you can find it in Catholic churches, too.

Both of those notions are dead wrong, says Fr. Jeffrey Kirby. In his new book *Real Discipleship*, the author of the bestselling *Real Religion* says that

discipleship should be the central concern of every Catholic—and that far from being all about us and our earthly needs, true discipleship is about following Jesus diligently on the path to the Cross.

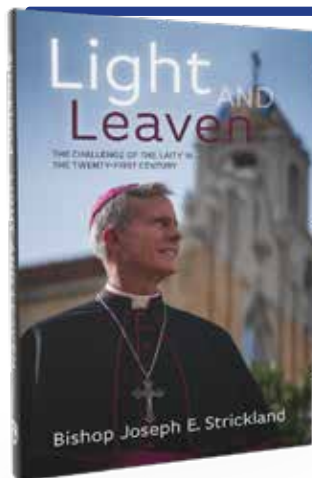

The temptations to false discipleship are all around us, but Fr. Kirby helps you navigate the straight road by distinguishing truth from falsehood in four areas: the person of Jesus, the example and teachings of his gospel, the way of living to which that gospel calls us, and the summit of that way of life in true eucharistic worship.

A lively mix of personal stories, theology, history, Bible study, common sense, and prayerful meditation, *Real Discipleship* will be a valuable companion on your own journey along Christ's path—all the way to Calvary and to eternal glory.

# LIGHT AND LEAVEN

Bp Joesph E. Strickland

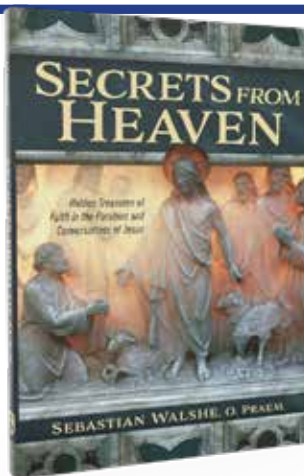

"In **Light and Leaven**, Bishop Joseph Strickland speaks the truth plainly, but in a positive and encouraging way that will touch your heart. It's a quick and accessible read that will inspire you to stay focused on the Eucharist, dive deep into prayer, and do all that you can to bring about a much-needed renewal in the Church today."

# SCHOOL of APOLOGETICS

**A Faith You Can Defend is a Faith You Can Own & Embrace**

Explaining and defending the Faith is the duty of every Catholic. Learn from some of the best minds in Catholic apologetics and take your knowledge to the next level.

These comprehensive courses are designed to bring you up-to-speed on the fundamentals of Catholic apologetics:

- Taught by our staff experts and trusted experts associated with the ministry
- Suited for every type of student, from those seeking basic introductory courses to those seeking high-level, advanced offerings
- Courses cover a range of subjects, including the existence of God; evidence for the Christian faith; responses to attacks on the Catholic Church; and many more!

## ONLINE

Online courses are self-paced and include a study guide. You can register and participate in the course at any time. Register online and receive information within minutes of registration so you can get started right away. Finish a course successfully and receive a certificate of completion.

### Course Packages and Bundles

See [shop.catholic.com](http://shop.catholic.com) for discounted packs and bundles.

## We now offer group rates!

Please call Customer Service at 619.387.7200 or email [customerservice@catholic.com](mailto:customerservice@catholic.com) for a personalized quote. We'll need the approximate group size to provide an accurate price.

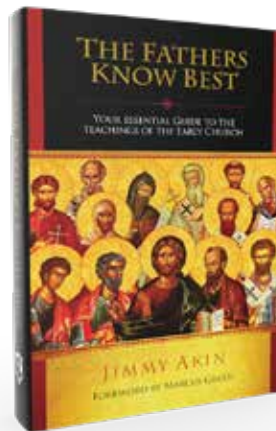

## BEHOLD YOUR MOTHER

In Behold Your Mother, Tim Staples takes you through the Church's teachings about the Blessed Virgin Mary, showing their firm Scriptural and historical roots and dismantling the objections of those who mistakenly believe that Mary competes for the attention due Christ alone.

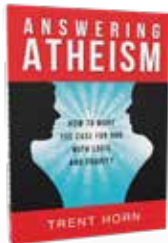

CB378PB ..352 pgs ..... \$23.95

## THE FATHERS KNOW BEST

The Fathers Know Best: Your Essential Guide to the Teachings of the Early Church is a unique resource. It flings open the doors of the crucial but little-known age covering the birth of Christianity and the triumphant march of the gospel through the ancient world.

## The Truth Is Out There Series

Everybody's favorite Catholic outer-space delivery pilots return for their greatest adventure yet!

### AMADEUS

- The Truth Is Out There (Vol. 1)
- The Big Picture (Vol. 2)
- The Weapons of War (Vol. 3)

Fresh from saving the solar system while being introduced to God and his Church in *The Truth Is Out There* and defeating a lunar megalomaniac determined to rewrite salvation history in *The Big Picture*, Brendan and Erc land in a magnificent domed city on Mars—for what is supposed to be a simple shuttle job.

But soon they find themselves caught up in a sinister assault on faith and freedom. Will Mars be lost to the Enemy? Find out in:

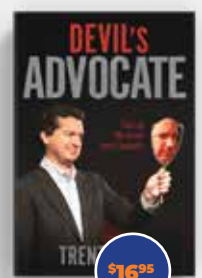

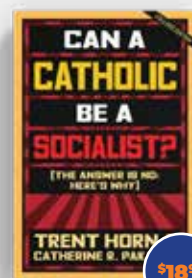

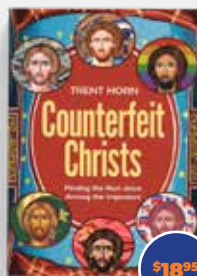

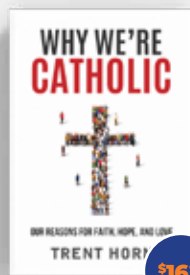

***The Weapons of War***, where Brendan and Erc's only hope for the fight is in the power of God's sacramental gifts.
