Thank You from Catholic Answers

Dear Friends,

The future looks bright in 2023 as we move forward with renewed appreciation for our Faith and the ability to gather once again as the Body of Christ. As you know, there is still much work to do, and Catholic Answers Press is here to partner with you. Whether your goal is to educate the average Catholic in the pew or to reach our complacent or non-religious neighbors, our road-tested resources are here to help clearly explain and defend the Faith.

Check out our new Fall titles and our deeply discounted BULK BOOK specials!

With Christian hope and peace,

Donna Barrack | Director of Marketing

DEVIL'S ADVOCATE

Trent Horn

He has debated Protestants, skeptics, and socialists. He has refuted countless atheist arguments and debunked a thousand anti-Catholic myths—without breaking a sweat. But now Trent Horn has met his match . . . himself.

What if the voice of your deepest doubts and difficulties about Catholicism rose up in the form of a human being and challenged you to defend your most foundational beliefs? That's the task Trent faces in *Devil's Advocate*: a dialogue with his own best objections against the faith he professes and defends.

In this engaging series of conversations with his anti-Catholic alter-ego, Trent battles challenges on topics such as:

God: You can't believe that God is a person when most philosophers say that—at best—God is just a force. The problem of evil won't allow it!

MEETING THE PROTESTANT RESPONSE

Karlo Broussard

When Protestants Strike Back...

Thanks to apologetics, millions of regular Catholics have learned to give good reasons for the things they believe, usually to Protestants who challenge their faith with a Bible verse or historical claim.

But those critics of the Church have been paying attention, and now they have their own answers to rebut the standard Catholic proofs.

In *Meeting the Protestant Response*, Karlo Broussard follows up his bestselling *Meeting the Protestant Challenge* by looking at the fresh counter-arguments that Evangelical pastors and scholars have developed and taught their followers to make. On subjects like the Eucharist, the papacy, salvation, and the veneration of saints, Karlo breaks down these new comebacks, shows how they don't actually disprove the classic Catholic argument, and offers more biblical, logical ways to explain and defend the doctrines and practices of our faith.

TWISTED UNTO DESTRUCTION

Donald J. Johnson

CB490..... 160 pgs.....\$16.95

How “Bible Alone” Theology Made the World a Worse Place

Martin Luther and his fellow “Reformers” turned Christendom upside-down by rejecting the authority of the Church that Jesus founded and claiming instead that personal interpretation of Scripture is to be our rule of faith. This infamous principle of sola scriptura—the “Bible alone”—created 500 years of doctrinal chaos and sectarian division.

But that awful aftermath is not the only legacy of sola scriptura. In *Twisted Unto Destruction*, Donald J. Johnson shows how ditching the Church in favor of private Bible interpretation has also enabled some of the modern world's worst crimes and vices.

Once an Evangelical Protestant who took sola scriptura for granted, Johnson came to realize that setting ourselves up as little Magisteriums—whose opinions on the Bible's meaning have to be as valid as anyone else's—not only leads to endless splintering, but makes it possible to use Scripture to justify anything.

Like puppeteers, Christians could make the words of the Bible dance on command, inventing “biblical” endorsements of violence, greed, racism, abortion, sexual depravity, and more. Without an authoritative Church to hold the line, and long removed from a practical consensus, Protestantism has been unable to resist the tide of modern errors.

In fact, as Johnson shows, in many cases, it has endorsed and expanded those errors. Read *Twisted Unto Destruction* to learn how we can fight this abuse of the Bible and reverse the damage it has caused.

WHAT IS GOD?

Kevin Vost

Have you ever tried to have a close, loving relationship with someone you don't know? It's not easy. (And it's probably not a good idea!)

Most would never dream of attempting such intimacy with a human stranger, yet many of us try to do just that with God! But just as with people, if we don't know God, we can't love him.

In *What Is God?*, Kevin Vost (Memorize the Reasons!) shows you how you can better know the most worthy object of our love, following the thought of the great theologian who first asked that question as a young boy: St. Thomas Aquinas.

That thirteenth-century Dominican friar later devoted much of his masterwork, the *Summa Theologica*, to exploring God in his deepest essence. But if you don't have time to read a 1.8-million-word philosophical treatise translated from medieval Latin, Dr. Vost is here to break down the key parts for you. In clear and approachable fashion, *What Is God?* examines God's attributes and considers questions about him that have vexed mankind for centuries. What does it mean for God to be simple? To be perfect? Is God really knowable, after all? Can we say that he is happy? Is God able to change the past, or cause it not to have been? And the classic: can God make a boulder so big that even he cannot lift it?

St. Thomas has an answer for all of these, and many more . . . and *What Is God?* is the first book to collect and explain those answers in one place for modern readers.

CB494..... 280 pgs.....\$18.95

THESE TWELVE

In *These Twelve*, author Rod Bennett shows that the apostles weren't random, interchangeable parts—mere pawns that Jesus moved around in order to accomplish his mission. No, these men were the mission.

In this riveting re-examination of familiar Gospel events from the ground-floor perspective of Christ's hand-picked heirs, you will learn the true meaning of apostolicity—and why it's an essential mark of the one Church that Jesus founded to go out to the world and make all people his Chosen People.

LIGHT FROM DARKNESS

Ask Catholics about the crisis in the Church today and you'll often get one of two responses:

The end is upon us! or Everything's fine—the Holy Spirit is in charge!"

Neither of those attitudes makes sense from the perspective of history, says Steve Weidenkopf (The Real Story of Catholic History).

In his new book, *Light from Darkness*, Weidenkopf shows how the Church's past ages were no less tumultuous than our own. Yet, whether it was decadent hierarchs selling out the Faith for pleasure and power, or hostile princes, heresies, or ideologies (sometimes all three at once) menacing Christendom, the Catholic Church not only persisted during hard times but came through them stronger than before.

In each case, though, Weidenkopf demonstrates how the Church's survival was not an accident or a last-minute miracle. Instead, good Catholics (lay and clergy alike) cooperated with God's grace to beat back error and corruption and reform the house of God from within. They resisted the twin temptations of cynical schism and Pollyanna passivism and went to work—first in their own hearts—bringing good out of evil, light from darkness.

Steve Weidenkopf

These nine inspiring stories of crisis and reform should give all Catholics today reason for hope—and a model to follow as we deal with the trials that God has permitted in our own time.

REVOLT AGAINST REALITY

FIGHTING THE FOES OF SANITY AND TRUTH—
FROM THE SERPENT TO THE STATE

Gary is the host of the weekday talk show Hands on Apologetics on Virgin Most Powerful Radio. He is the author of several books on apologetics from Catholic Answers Press such as *Why Catholic Bibles are Bigger*, *Hostile Witnesses* and *Revolt Against Reality*, which was released in Fall 2021.

We seem to be living in an age of insanity. Crimes against children, born and unborn; marriage defiled and redefined; the madness of transgenderism; the looming terror of trans-humanism . . . the list goes on and on. And it's getting uglier out there every day. Everywhere you look, the culture is twisting truth into lies and lies into truth.

How did we get to this bizarre point in history? More importantly, how can we fight the tide of insanity and win reality back?

In *Revolt Against Reality*, Gary Michuta (*Hostile Witnesses*, *Why Catholic Bibles Are Bigger*) explains how an army of liars, manipulators, and bad actors has conspired literally from the beginning to thwart God's plan for man—a plan of order and peace, centered on the Incarnation of Jesus Christ. Michuta takes you step by step through history, unmasking the enemies of faith and reason in every age—all the way back to Satan himself, who in the Garden of Eden promised that we could become our own gods.

Since then, every error, heresy, and moral abomination has been part of the same intricate network of lies, designed by the Father of Lies, to wrench us from what makes sense and trap us in a prison of contradiction and chaos.

We'll never restore sanity to the world until we know how the enemy operates. Read *Revolt Against Reality* and you'll understand his age-old tactics . . . and you'll be prepared to fight back!

TO KNOW ST JOSEPH

\$17⁹⁵ CB482 | pg 312

He's the Patron of the Universal Church, guardian of the Word Made Flesh, supreme help of fathers and workers, and Terror of Demons. After Jesus and Mary, he's our single greatest model of holiness and most powerful heavenly friend.

Yet the Bible barely mentions him. And he never speaks a word.

In *To Know St. Joseph*, Msgr. Dominique Le Tourneau draws on a lifetime of prayer and scholarship, along with two millennia of Catholic tradition, to unpack the mystery of this magnificent and silent saint. In this thorough yet readable book you'll explore the Church's accumulated wisdom about St. Joseph

PURGATORY IS FOR REAL

Good News About the Afterlife for

Those Who Aren't Perfect Yet

In *Purgatory Is for Real*, Catholic apologist Karlo Broussard definitively tackles this most-misunderstood teaching, giving you the evidence and arguments to see (and explain to others) that purgatory is neither contrary to Scripture nor some fantastical dogma that Rome invented. Rather, it is firmly rooted in biblical truth and the faith and practice of the earliest Christians.
